advancing an idea that 's relatively unusual within a particular domain, and that has the potential to improve it.

Originals: How Non-Conformists Move the World by Adam M. Grant

Organizational psychologist Adam Grant studies "originals": thinkers who dream up new ideas and take action to put them into the world. In this talk, learn three unexpected habits of originals -- including embracing failure. "The greatest originals are the ones who fail the most, because they're the ones who try the most," Grant says.

Originals Summary Chapter 1: Creative Destruction

The first necessary quality for originals is to question the status quo, and generate concepts that are both novel and useful. Much of modern life is built around conformity - the structure and rules of schooling, uniform career tracks, the social recognition of status and accomplishment.

Original? My thoughts on Adam Grant's "Originals" remain mixed after a decent amount of contemplation. Not too deep of contemplation, but still analytical processes nonetheless. Frankly, the book reminds me of a self-help book, which I admire, but do not particularly enjoy reading. The book does, though have arguments that are stated and well-executed, the...
