Originally published in 1970, this book is the result of many years of study and research in the field. It begins with a geographic and ethnic survey of the land and Armenian people and traces the land's prehistory back to the Old Stone Age. The origins of the wine-making and bronze-working industries are discussed, in which Armenia played a pioneering role. The outstanding Armenian contribution to Church art and architecture is also explored as is the contribution of Armenia to painting, philosophy, and science. The final section is devoted to an account of Soviet Armenia.

Looks at the history of the boundaries which were set up by the European powers when they divided the lands of the former Ottoman Empire after World War I, separating some peoples, chiefly the Kurds, and grouping others into new nations.

Students struggling to find information on the modern lives of those living in Eurasia need not look any farther! Written for high school and undergraduate students, *Culture and Customs of the Caucasus* fills a major void on library shelves. This unique reference work explores contemporary life in three former Soviet Union republics: Armenia, Azerbaijan, and Georgia. No other reference book offers such exhaustive material on the traditions and customs of all three nations. Students studying world culture, social studies, and multicultural issues can use this engaging and comprehensive volume to learn about the Caucasus's history, urban life, religion, literature, cuisine, holidays, and leisure activities, among many other topics. In the early 1990's, Armenia, Azerbaijan, and Georgia emerged from the grip of the Soviet Union and stood on their own for the first time in almost a century. Today, these three nations are slowly emerging from communism's dark cloud, thriving culturally and gaining strength economically. Written for high-school students, *Culture and Customs of the Caucasus* is the ultimate one-stop reference source that explores the three countries in the region—no other reference work provides such comprehensive and current material. Students studying world culture, social studies, and multicultural issues can use this engaging and wide-ranging volume to learn about the Caucasus's history, urban life, religion, literature, cuisine, holidays, and leisure activities, among many other topics.

of medieval and modern literature, offers cutting edge research into the textual and cultural legacy of the Middle Ages: a significant and growing area of scholarship. At the juncture of literary, cultural and gender studies, and capitalizing on a renewed interest in popular western representations of the Islamic east, this book proffers innovative case studies on representations of cross-religious and cross-cultural romantic relationships in a selection of late medieval and twenty-first century Orientalist popular romances. Comparing the tropes, characterization and settings of these literary phenomena, and focusing on gender, religion, and ethnicity, the study exposes the historical roots of current romance representations of the east, advancing research in Orientalism, (neo)medievalism and medieval cultural studies. Fundamentally, *Representing Difference* invites a closer look at medieval and modern popular attitudes towards the east, as represented in romance, and the kinds of solutions proposed for its apparent problems.

The assassination of the author Hrant Dink in Istanbul in 2007, a high-profile advocate of Turkish-Armenian reconciliation, reignited the debate in Turkey on the annihilation of the Ottoman Armenians. Many Turks soon re-awakened to their Armenian heritage, reflecting on how their grandparents were forcibly Islamised and Turkified, and the suffering their families endured to keep their stories secret. There was public debate around Armenian property confiscated by the Turkish state and the extermination of the minorities. At last the silence had been broken. *Open Wounds* explains how, after the First World War, the new Turkish Republic forcibly

erased the memory of the atrocities, and traces of Armenians, from their historic lands -- a process to which the international community turned a blind eye. The price for this amnesia was, Vicken Cheterian argues, "a century of genocide." Turkish intellectuals acknowledge the price society must pay collectively to forget such traumatic events, and that Turkey cannot solve its recurrent conflicts with its minorities -- like the Kurds today -- nor have an open and democratic society without addressing the original sin on which the state was founded: the Armenian Genocide.
