~~Police: Suspect in 2016 shooting was on the run~~

In surreal Bangkok, city of temples and brothels, where Buddhist monks in saffron robes walk the same streets as world-class gangsters, a US marine sergeant is killed inside a locked Mercedes by a maddened python and a swarm of cobras. Two policemen - the only two in the city not on the take - arrive too late. Minutes later, only one is alive. The cop left standing, Sonchai Jitpleecheep, is a devout Buddhist and swears to avenge the death of his partner and soul brother. To do so he must use the forensic techniques of the modern policing and his own profound understanding of the mystical workings of the spirit world.Both will be vital as he immerses himself in the moneyed underbelly of Bangkok - where desire rules and where he will eventually find the killer, a predator of an even more sinister variety...

A thriller with attitude to spare, Bangkok 8 is a sexy, razor-edged, often darkly hilarious novel set in one of the world’s most exotic cities. Witnessed by a throng of gaping spectators, a charismatic Marine sergeant is murdered under a Bangkok bridge inside a bolted-shut Mercedes Benz. Among the witnesses are the only two cops in the city not on the take, but within moments one is murdered and his partner, Sonchai Jitpleecheep—a devout Buddhist and the son of a Thai bar girl and a long-gone Vietnam War G.I.—is hell-bent on wreaking revenge. On a vigilante mission to capture his partner’s murderer, Sonchai is begrudgingly paired with a beautiful FBI agent named Jones and captures her heart in the process. In a city fueled by illicit drugs and infinite corruption, prostitution and priceless art, Sonchai’s quest for vengeance takes him into a world much more sinister than he could have ever imagined.

~~Book Review: Bangkok 8 by John Burdett~~

Sonchai Jitpleecheep, the son of a GI and a Thai bar girl and an honest Bangkok cop, investigates the murder of a charismatic African-American Marine sergeant, killed by a python and a swarm of cobras in a locked car, and the subsequent death of his partner, making his way through a world of illicit drugs, prostitution, and corruption to find a vicious killer. Reprint. 100,000 first printing.

Sonchai Jitpleecheep, the son of a GI and a Thai bar girl and an honest Bangkok cop, investigates the murder of a charismatic African-American Marine sergeant, killed by a python and a swarm of cobras in a locked car, and the subsequent death of his partner, making his way through a world of illicit drugs, prostitution, and corruption to find a vicious killer. Reprint. 100,000 first printing.

Detective Sonchai Jitpleecheep of the Royal Thai Police returns in his riveting and smokily atmospheric new thriller.A farang—a foreigner—has been murdered, his body horribly mutilated, at the Bangkok brothel co-owned by Sonchai’s mother and his boss. The dead man was a CIA agent. To make matters worse, the apparent culprit is sweet-natured Chanya, the brothel’s top earner and a woman whom the devoutly Buddhist sleuth has loved for several lifetimes. How can Sonchai solve this crime without sending Chanya to prison? How can he engage in a cover-up without endangering his karma? And how will he ever get to the bottom of a case whose interested parties include American spooks, Muslim fundamentalists, and gangsters from three countries? As addictive as opium, as hot as Sriracha chili sauce, and bursting with surprises, Bangkok Tattoo will leave its mark on you.

Sonchai Jitpleecheep—the brash and beguiling Royal Thai Police Force detective who has been our guide through John Burdett’s five previous acclaimed Bangkok novels—is back. The former monk and devout Buddhist, forever battling to protect his karma from the assaults of morally compromising cases, is now faced with the most horrifying technological innovation to make its way to the streets of Bangkok, and a conspiracy of almost unfathomable reach. With Sonchai on this case is the young female inspector Krom. Like Sonchai, she’s an outsider on the police force, but unlike him, she is socially savvy and a technological prodigy. When they’re called to a demonstration—in the midst of a typhoon—of the deadly, superhuman strength of an American man who is seemingly controlled by a CIA operative, they have no idea what they’re actually witnessing or why. Their reliably obtuse and unequivocally crooked boss, Colonel Vikorn, explains some of it, but the most telling questions remain unanswered: Could the Americans have figured out a way to create a physically and psychologically enhanced supersoldier? Are they testing him—or it—on Thai soil? And why is everyone, from the Bangkok police to the international community, so eager to turn a blind eye? Searching for the answers to these questions, Sonchai and Krom find themselves in a remote Cambodian jungle compound for aging American ex-soldiers, where they will discover just how far a government will go to protect its worst secrets—both past and present. But the case will also have much more personal repercussions for Sonchai, shaking his world to its very foundation and perhaps finally forcing him to confront his long-lost American father.

"Royal Thai Police Detective Sonchai Jitpleecheep is called to investigate a crime scene in Bangkok?which quickly reveals itself to be anything but typical. For one thing, the victim has been beheaded in a bizarre manner, and for another, a message was left in blood. Then Sonchai is summoned to a river in the middle of the night to observe a spectacle that violates everything he holds dear as a Thai, as a Buddhist, and as a human being. A trail of breadcrumbs has been carefully laid out for him, but by whom? Sonchai's search for answers takes him deep into the Cambodian jungle, where he faces a conspiracy that may implicate the American CIA and the Chinese military?and discovers exactly how far a government will go to protect its worst secrets."--The publisher.

Sonchai Jitpleecheep—John Burdett’s inimitable Royal Thai Police detective with the hard-bitten demeanor and the Buddhist soul—is summoned to the most shocking and intriguing crime scene of his career. Solving the murder could mean a promotion, but Sonchai, reeling from a personal tragedy, is more interested in Tietsin, an exiled Tibetan lama based in Kathmandu who has become his guru. There are, however, obstacles in Sonchai’s path to nirvana. Police Colonel Vikorn has just named Sonchai his consigliere (he’s been studying *The Godfather* on DVD): to troubleshoot, babysit, defuse, procure, reconnoiter—do whatever needs to be done in Vikorn’s ongoing battle with Army General Zinna for control of Bangkok’s network of illegal enterprises. And though Tietsin is enlightened and (eerily) charismatic, he also has forty million dollars’ worth of heroin for sale. If Sonchai truly wants to be an initiate into Tietsin’s “apocalyptic Buddhism,” he has to pull off a deal that will bring Vikorn and Zinna to the same side of the table. Further complicating the challenge is Tara: a Tantric practitioner who captivates Sonchai with her remarkable otherworldly techniques. Here is Sonchai put to the extreme test—as a cop, as a Buddhist, as an impossibly earthbound man—in John Burdett’s most wildly inventive, darkly comic, and wickedly entertaining novel yet.

From former British barrister John Burdett comes a psychosexual novel in the tradition of *Damage* and *Presumed Innocent*. At the heart of *A Personal History of Thirst* is an ill-fated love triangle where all hunger for something and are willing to risk everything to get it, blurring the boundaries between right and wrong and love and hate to do so. Thirst tells a gripping tale of murder, revenge, infidelity, ambition, and deception that keeps shocking until the stunning courtroom climax. Ambitious London lawyer James Knight, a prosperous solicitor, has denied his lower-class background and carefully molded his public image in order to climb the social and professional ladder of the British legal system. He will soon “take silk”—become a Queen’s counsel barrister, the highest rank a lawyer can obtain. More than a decade earlier, however, James had lived on the fringe of acceptable society and rigid British ethics during his years at university, experimenting with sex and drugs in a passionate love affair with a stunning and brilliant American named Daisy Smith. James’s life takes an unexpected turn early in his career when he meets a client—an accused thief named Oliver Thirst—for a drink and a chat in a pub. Although they could not be more different, James is drawn to Thirst’s high intelligence and wit. Soon their illicit friendship develops into a dark and erotic ménage à trois with Daisy at the center. Now, eleven years later, one is dead and two are suspected of murder. The murder investigation at the center of this impossible-to-put-down novel uncovers the bizarre love story between the barrister, the American, and the thief. And, in the end, *A Personal History of Thirst* answers the question: What happens when genuine love becomes mixed with perverse obsession?
