Cage, Wyatt, and Conner have spent over four decades searching for The One. Their one true mate. Cage and Wyatt stumble upon their mates close to home and to their surprise, they are human. Conner's mate is a fellow shifter, but their path to happiness is a rocky road. Before they can settle into a life of love and cubs, they must face the challenges to their happily ever afters. An unseen force is sabotaging their business and endangering, not only their secret as shifters, but the lives of their loved ones too. Finding love and fighting for the safety of their family will keep these men busy for decades to come. Bearly Cooking Bear in Mind Bear With Me

The Pacific Northwest is a global ecological "hotspot" because of its relatively healthy native ecosystems, a high degree of biodiversity, and the number and scope of restoration initiatives that have been undertaken there. Restoring the Pacific Northwest gathers and presents the best examples of state-of-the-art restoration techniques and projects. It is an encyclopedic overview that will be an invaluable reference not just for restorationists and students working in the Pacific Northwest, but for practitioners across North America and around the world.
