Biological Psychology Kalat 11th Ed Chapter 14 Cognitive Functioning. view that mental processes and certain kinds of brain processes are the same thing, described in different terms. view that only the mind really exists and that the physical world could not exist unless some mind were aware of it. tendency to see something as moving back and forth between positions when in fact it is alternately blinking on and off in those positions.

Biological Psychology Kalat 11th Ed Chapter 14 Cognitive ...

Human sexuality is the way people experience and express themselves sexually. This involves biological, erotic, physical, emotional, social, or spiritual feelings and behaviors. Because it is a broad term, which has varied with historical contexts over time, it lacks a precise definition. The biological and physical aspects of sexuality largely concern the human reproductive functions ...
