Blue Genes: A Memoir of Loss and Survival. by. Christopher Lukas. 3.36 · Rating details · 200 ratings · 30 reviews. Christopher (Kit) Lukas's mother committed suicide when he was a boy. He and his brother, Tony, were not told how she died. No one spoke of the family's history of depression and bipolar disorder.

Blue Genes: A Memoir of Loss and Survival by Christopher Lukas

Blue Genes portrays the lives of two brothers who alternately locked horns and found solace in each other. Written with heartrending candor, it captures the devastation of this family legacy of depression, but it is also surprisingly uplifting, as it details the strength and hope that can provide a way of escaping its grasp.

Blue genes : a memoir of loss and survival (Book, 2008 ...

Blue Genes is the memoir of producer/director Christopher (Kit) Lukas, which regales his life and his relationship with his brother, Tony. The Lukas boy's mother committed suicide when they were children, something the kids didn't know until much later.

Blue Genes: A Memoir of Loss and Survival by Christopher ...

The younger brother Kit is the author of this memoir. He always felt abandoned by first his mother then his father & somehow by his older brother whom he always looked up to. The "blue genes" is the familial trait that he feels is responsible for the suicide of his mother & other family members. I thought it was a sad family.
