Boeing will temporarily reduce production of the 787 Dreamliner plane after identifying a new issue with the jet during inspections, the company announced Tuesday.

Boeing to reduce 787 production after identifying new jet issue
The Federal Aviation Administration (FAA) said late on Monday that some undelivered Boeing (BA.N) 787 Dreamliners have a new manufacturing quality issue that the largest U.S. planemaker will fix ...

FAA says new Boeing production problem found in undelivered 787 Dreamliners
Boeing Co said on Tuesday it will cut 787 production after finding another production-related structural defect, and a major customer partially canceled a 737 MAX order, in a double hit to the U.S.

Boeing cuts 787 production, suffers 737 MAX cancellation
Boeing will stop producing large 787 airliners for several weeks after discovering a structural flaw on its forward pressure bulkhead of the plane in some undelivered but already built units. The ...

Boeing cuts production on the 787 to address a flaw
The UK authority explains British Airways Boeing 787-8 aircraft nose gear retraction incident at London Heathrow Airport on June 18, 2021.

UK Authority issues special bulletin about BA Boeing 787 nose gear incident
Planemaker Boeing on Tuesday said it's cutting production and deliveries of its 787 Dreamliner due to a new defect found on some of the airliners that's now being examined by federal regulators.

Boeing cuts 787 production, deliveries due to new defect
Boeing Co. has uncovered an additional manufacturing problem with its 787 Dreamliner, according to a person familiar with the matter, as it works with U.S. regulators to restart deliveries of the ...

Boeing Uncovers Added 787 Dreamliner Problem in Jets ' Nose
Boeing has confirmed that it will lower the production rate of its 787 Dreamliners and deliver fewer planes as it addresses new concerns about production problems. The Federal Aviation Administration ...

Boeing confirms new 787 concerns will cut production
Boeing has discovered a new manufacturing problem at a key structure in the nose of the 787 Dreamliner. It now cannot meet its target of delivering more than half of the parked 787s this year and will ...

A new 787 Dreamliner manufacturing flaw will prolong Boeing delivery halt
Boeing will cut production of its 787 Dreamliner plane for several weeks after discovering a new structural flaw in some planes that have been built but not delivered to airline customers. The Chicago ...

Boeing cuts production of 787 Dreamliner after finding new structural flaw in some planes
While inspecting and repairing undelivered 787 Dreamliners for the flaws at fuselage joints that emerged last year, Boeing has discovered a new manufacturing quality problem with a key structural part ...

Boeing checks find new 787 flaw
