Reading takes its readers on a ride through all five boroughs of New York City, with each section covering a different subway line. Using their expert photography skills (covert iPhone shots) and journalistic ethics (#NoKindles), the authors capture the most beautiful bibliophiles in all of New York—and take a few detours to interview some of the most popular hot dudes from the early days of the Instagram account. Fun, irreverent, and wittily-observed, this book is tailor-made for book lovers in search of their own happy endings—and those who just want to get lost between the covers for a while.

building muscle mass. But with the proper advice, these "hardgainers" definitely can realize their fitness goals. In *Scrawny to Brawny*, the authors draw on their years of practical experience as private strength and nutrition coaches to provide hardgainers with:

- A progressive, state-of-the-art program that optimizes results with shorter, less frequent workouts that maximize compound exercises
  - A unique, action-based perspective on nutrition that shows how to prepare quick muscle-building meals and snacks-and how to take advantage of several critical times in the day when muscle growth can be stimulated by food intake
  - Vital information on how to identify and fix any weak links in their physiques that may be precursors to injury
- Designed not only for frustrated adult hardgainers but also--with its strong anti-steroid message--a terrific book for the large teen market, *Scrawny to*
