Russia faces many challenges: a large state footprint, weak governance and institutions, insufficient infrastructure, low levels of competitiveness, underinvestment, low production capacity, dependence on raw materials, poor economic climate, lack of structural reforms and ageing of the population.

Economic and political overview in Russia

The economic activity is expected to be mainly supported by the increase in public infrastructure spending in the framework of national projects and by the increase in labour supply due to pension reform. Structural weaknesses, low investment levels and weak demographic prospects would keep real GDP growth below 2% per year in the medium term.

Economic and political outline Russia - Santandertrade.com

1. The 1800s was a century of reform and reaction in Russia. It was marked by the emancipation of serfdom, revolutionary violence and reactionary policies. 2. Defeat in the Crimean War exposed Russia's lack of development in relation to its European neighbours. These outcomes became the catalyst for long-awaited reforms. 3.

30 E-Learning Book Can Russia Reform Economic Political ...

Taking a comprehensive look at the economic and political regime shift from Yeltsin to Putin, this book explores the key challenges facing the Russian economy: to narrow the productivity gap between Russian and Western firms and industries; to attract more domestic and foreign investment; and, underlying these goals, to implement the judicial, administrative, social, and banking reforms necessary to future growth.Written by a team of researchers from the Center for Economic and Financial ...

The New Political Economy of Russia | The MIT Press

When economic reforms first began in China and Russia, regime stability, when classified as a product of political legitimacy, has, overall, seen only marginal change.

Economic reform in China and Russia: A Comparison

After years of communism and central planning, Russia and China embarked on broad transformations from planned to market economy and limited political liberalization reforms. Chinese reforms commenced in 1978, while those in the Soviet Union started in 1991. The two countries took contrasting paths to economic reform, and their experiences during economic transition have been viewed as polar opposites.
