Common Sense (Dover Thrift Editions) Thomas Paine. Enormously popular and widely read pamphlet, first published in January of 1776, clearly and persuasively argues for American separation from Great Britain and paves the way for the Declaration of Independence. This highly influential landmark document attacks the monarchy, cites the evils of government and combines idealism with practical economic concerns.

Common Sense (Chump Change Edition): Paine, Thomas ...

Today, Common Sense remains a landmark document in the struggle for freedom, distinguished not only by Paine's ideas but also by its clear and passionate presentation. Designed to ignite public opinion against autocratic rule, the pamphlet offered a careful balance between imagination and judgment, and appropriate language and expression to fit the subject.

Common Sense : Thomas Paine : 9780486296029

Common sense is a useful tool to think and take good choices. But it is only in a context of familiarity where traditions by trial and error have proven what works and what not. Outside that frame, as for example a revolution, common sense can end in the election of poor choices and we require a more rigorous framework as it is the scientific method or, even, embracing chaos and turning to instinct.

First published in January of 1776, this highly influential landmark document clearly and persuasively argued for American separation from Great Britain and paved the way for the Declaration of Independence.

Addressed to the Inhabitants of America, on the Following Interesting Subjects, viz.: I. Of the Origin and Design of Government in General, with Concise Remarks on the English Constitution. II. Of Monarchy and Hereditary Succession. III. Thoughts on the Present State of American Affairs. IV. Of the Present Ability of America, with some Miscellaneous Reflections

Required reading for Every American " Society is produced by our wants, and government by wickedness; the former promotes our happiness positively by uniting our affections, the latter negatively by restraining our vices. The one encourages intercourse, the other creates distinctions. The first is a patron, the last a punisher. " Thomas Paine, Common Sense Read the political pamphlet that sparked the American war for independence. Common Sense was published in 1776 and took the colonies by storm with its case for a separation

from Great Britain and a rousing call to action. This Xist Classics edition has been professionally formatted for e-readers with a linked table of contents. This eBook also contains a bonus book club leadership guide and discussion questions. We hope you'll share this book with your friends, neighbors and colleagues and can't wait to hear what you have to say about it. Xist Publishing is a digital-first publisher. Xist Publishing creates books for the touchscreen generation and is dedicated to helping everyone develop a lifetime love of reading, no matter what form it takes.

Throughout history, some books have changed the world. They have transformed the way we see ourselves—and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives—and destroyed them. Now, Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization, and helped make us who we are. Penguin's Great Ideas series features twelve groundbreaking works by some of history's most prodigious thinkers, and each volume is beautifully packaged with a unique type-drive design that highlights the bookmaker's art. Offering great literature in great packages at great prices, this series is ideal for those readers who want to explore and savor the Great Ideas that have shaped the world. Published anonymously in 1776, six months before the Declaration of Independence, Thomas Paine's *Common Sense* was a radical and impassioned call for America to free itself from British rule and set up an independent republican government. Savagely attacking hereditary kingship and aristocratic institutions, Paine urged a new beginning for his adopted country in which personal freedom and social equality would be upheld and economic and cultural progress encouraged. His pamphlet was the first to speak directly to a mass audience—it went through fifty-six editions within a year of publication—and its assertive and often caustic style both embodied the democratic spirit he advocated, and converted thousands of citizens to the cause of American independence.

The timeless tale of 14-year-old Velvet Brown's participation in the Grand National Steeplechase has thrilled generations of readers. The story provides a positive role model for girls and remains ever popular with young horse lovers.

A volume of Thomas Paine's most essential works, showcasing one of American history's most eloquent proponents of democracy. Upon publication, Thomas Paine's modest pamphlet *Common Sense* shocked and spurred the founding American colonies of 1776 to action. It demanded freedom from Britain—when even the most fervent patriots were only advocating tax reform. Paine's daring prose paved the way for the Declaration of Independence and, consequently, the Revolutionary War. For “without the pen of Paine,” as John Adams said, “the sword of Washington would have been wielded in vain.” Later, his impassioned defense of the French Revolution, *Rights of Man*, caused a worldwide sensation. Napoleon, for one, claimed to have slept with a copy under his pillow, recommending that “a statue of gold should be erected to [Paine] in every city in the universe.” Here in one volume, these two complete works are joined with selections from Paine's other major essays, “The Crisis,” “The Age of Reason,” and “Agrarian Justice.” Includes a Foreword by Jack Fruchtman Jr. and an Introduction by Sidney Hook

Common Sense is the timeless classic that inspired the Thirteen Colonies to fight for and declare their independence from Great Britain in the summer of 1776. Written by famed political theorist Thomas Paine, this pamphlet boldly challenged the authority of the British government and the royal monarchy to rule over the American colonists. By using plain

language and a reasoned style, Paine chose to forego the philosophical and Latin references made popular by the Enlightenment era writers. As a result, Paine united average citizens and political leaders behind the central idea of independence and transformed the tenor of the colonists' argument against the British. As the best-selling American title of all time, *Common Sense* has been eloquently described by historian Gordon S. Wood as "the most incendiary and popular pamphlet of the entire revolutionary era." Thomas Paine (1737-1809) was an English-American political activist, philosopher, and revolutionary. As one of the Founding Fathers of the United States, he authored the most influential pamphlets at the start of the American Revolution and inspired the colonists to declare independence from Great Britain in 1776. His ideas reflected Enlightenment-era rhetoric of transnational human rights and the separation of church and state. He has been called a corset-maker by trade, a journalist by profession, and a propagandist by inclination.

The author reconstructs for us colonial life by describing in great detail manners, customs, dress, homes, and child life.

"A long habit of not thinking a thing wrong, gives it a superficial appearance of being right, and raises at first a formidable outcry in defense of custom. But the tumult soon subsides. Time makes more converts than reason." — Thomas Paine, *Common Sense* Throughout history, some books have changed the world. They have transformed the way we see ourselves-and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives-and destroyed them. *Common Sense* is a pamphlet written by Thomas Paine in 1775-76 that inspired people in the Thirteen Colonies to declare and fight for independence from Great Britain in the summer of 1776. six months before the Declaration of Independence, Thomas Paine's *Common Sense* was a radical and impassioned call for America to free itself from British rule and set up an independent republican government. Savagely attacking hereditary kingship and aristocratic institutions, Paine urged a new beginning for his adopted country in which personal freedom and social equality would be upheld and economic and cultural progress encouraged. His pamphlet was the first to speak directly to a mass audience-it went through fifty-six editions within a year of publication-and its assertive and often caustic style both embodied the democratic spirit he advocated, and converted thousands of citizens to the cause of American independence. All time American History bestseller!

The fascinating biography of one of America ' s most influential African American voices from the award-winning author of *Speak Up, Speak Out!* Teacher. Self-emancipator. Orator. Author. Man. Frederick Douglass (1818–1895) is one of the most important African American figures in US history, best known, perhaps, for his own emancipation. But there is much more to Douglass ' s story than his time spent in slavery and his famous autobiography. Delving into his family life and travel abroad, this book captures the whole complicated, and at times perplexing, person that he was. As a statesman, suffragist, writer, newspaperman, and lover of the arts, Douglass the man, rather than the historical icon, is the focus in *Facing Frederick*. " Most folks know Frederick Douglass as an escaped slave turned abolitionist. Bolden ' s insightful, and impeccably researched, biography reveals, instead, a multifaceted man who would travel many paths and constantly redefine himself . . . Bolden ' s beautiful, sophisticated narrative demonstrates that throughout all of his responsibilities, Douglass never lost sight of his biggest role—humanitarian. " —Booklist (starred review) " This narrative about a well-known figure feels fresh due to Bolden ' s skilled storytelling . . . A spirited biography that fully honors its redoubtable subject. " —Kirkus Reviews (starred review) " Bolden successfully demonstrates in this biography how

Online Library Common Sense Dover Thrift Editions

monumental a figure Frederick Douglass is in U.S. history . . . Bolden adroitly demonstrates the wealth of Douglass ' s life and accomplishments with this stellar biography. A must for all nonfiction collections. ” —School Library Journal (starred review) “ An excellent biography. ” —School Library Connection
