This book offers challenging material for the intermediate to advanced drummer. Addressing a multitude of styles, author Frank Briggs helps guide your playing to a higher plane while improving your technique and raising your awareness of cutting edge concepts such as metric modulation, displaced beats, polyrhythms, and more. Briggs states, He believes the more you know about different styles and the inner workings of time and phrasing, the better your ability to contribute to the music at hand. The clearer you see the parallels or the common threads that tie these concepts together, the more freedom you will have to express yourself. The music is challenging and suitable for the advanced drummer. Styles include odd meters, metric modulation, tuplets, funk, Latin, mid and up-tempo swing, and fusion. This set includes the Complete Modern Drumset CD, which is a play-along for drums with full stereo versions of the music charts included in the book. Sketch, Electric, Red Moon, Home, Funky Track, Jazz Swing, and 32 Bar are recorded with drums and without drums (the tracks without drums include a click track) so that the student can listen and play-along. Solo sections are included on most of the tracks. Instrumentation is drums, bass, keyboards and sax.

It includes over 115 minutes of drumming and is the perfect companion to the Complete Modern Drum Set Book (nearly every page in the book is performed... including page headers and pattern numbers for easy reference)

The purpose of this book is to take rhythmic figures, originally learned on the snare drum, and apply them to the drumset. In doing this, the student is introduced to several cross sticking and drum-to-drum patterns using eighth, triplet and sixteenth notes. This approach to the drumset is an excellent way to develop the coordination and speed of getting around the drums with ease, while also helping with soloing.

(Percussion). Modern Drum Set Stickings features: drum set sticking charts in duplet and triplet applications; a drummer's checklist for instant musical advancement in melody, subdivisions, basic stickings, orchestration, pulse, dynamics and resolution points; plus audio with more than 90 examples of grooves and solos in different styles using the sticking chart.

(Meredith Music Percussion). The most comprehensive drum set text available. Written by world-renown performer and clinician Ed Soph, this book provides an intelligent and practical approach to drum set playing for performers at any level.

The purpose of this book is to take rhythmic figures, originally learned on the snare drum, and apply them to the drumset. In doing this, the student is introduced to several cross sticking and drum-to-drum patterns using eighth, triplet and sixteenth notes. This approach to the drumset is an excellent way to develop the coordination and speed of getting around the drums with ease, while also helping with soloing.

This book was written with the novice percussionist in mind. No previous musical experience is required to constructively make your way through this self-instruction course. Basic rhythm reading principles and fills are illustrated and discussed. Drumming concepts are introduced progressively, so that; provided you stay with it; you will gain a solid foundation for drumming technique and overall musicianship.

Developed to increase the speed and ease of getting around the drumset using rudiments as the foundation. The cross sticking and drum-to-drum patterns used in this book will increase the student's coordination skills, familiarity of the drumset, and soloing vocabulary. An exceptional way to incorporate rudiments into the drumset performer's practice routine.

Proficiency as a drummer has always come from great hand dexterity. However, with the introduction of modern drumming techniques, it has become increasingly necessary to gain complete independence of both the hands and feet. With various rhythmic exercises in easy-to-read notation, 4-Way Coordination is designed to guide the drummer from simple patterns to advanced polyrhythms. Through the study of this method book, the student will gain invaluable listening skills and techniques that will provide insight to drumming in all styles.
