With sales of nearly a quarter million copies each year, Gun Digest is the most authoritative book on the subject of firearms available today. The front half of the book consists of the best writing available on firearms subjects. The back half of the book consists of a complete catalog of all firearms manufactured in or imported to the U.S. with full specifications and prices.

Set your sights on what is still the caliber of choice for many. Steve Comus updates this sophomore edition with major manufacturers, what's new with the second generation and what we can look for in the future.
