David Buschs Compact
Field Guide

Excellent Field Guide of
the awesomely capable

D7000, but compact?..er

no, afraid not. It's hardly
smaller or lighter than
the Nikon manual

(although infinitely
better written) and

would have been a

proper robust field guide

if the book cover were

laminated instead of the

David Buschs

The main reason I only gave the David Busch's Compact Field Guide For The Nikon D90 (Kindle version) three stars is because it does not contain an Index making finding specific information on a particular subject extremely difficult as the Table Of Contents only contains generic main chapter titles.
