Este ebook es sobre cómo te puedes convertir en un experto con altos ingresos, compartiendo lo que sabes. Te ayudará si tienes un mensaje, o idea, o experiencia que compatir con el mundo, para inspirar a las personas mejorar su vida en algún aspecto. Sobre esto va este ebook: cómo convertir lo que sabes en elevados ingresos, vivir muy bien de los que sabes, ayudando a las personas a conseguir más de la vida. Si alguna vez has visto en la TV a algún gurú, has leído un libro de desarrollo personal o profesional, o has asistido a un seminario... que te impactó, te diré que todas esas personas pertenecen a la industria de los expertos, una de las más bien pagadas, satisfactorias, y con futuro de la historia. Se trata de personas normales que han dicho: mira, sé algo que otras personas necesitan y valoraría conocer, voy a contárselo. Sí, lo que has aprendido de la vida, o los negocios, es algo que puede inspirar y convertirse en un legado, y tu medio de vida. Imagino que quieres saber la diferencia entre la persona que triunfa en esta industria y la que no lo hace. He identificado los patrones que funcionan y las mejores prácticas para que tú consigas tu sitio en esta clase emergente de los expertos: los profesionales mejor pagados y con más futuro. Como sabes hay una moda en el: coaching, libros autoayuda y cursos que aportan escaso valor o están mal vendidos y ello hace que algunas personas de esta industria no consigan despegar, malvivan, y abandonen sin resultados. Todo está cambiando mucho y quienes se adaptaen a los cambios que hay en este sector sobrevivirán. Quiero ayudar a personas que quieren abrirse camino en este mercado. Este libro enseña a aplicar las mejores prácticas de la industria de expertos para conseguir resultados espectaculares. He escrito lo que he aprendido, tras dejar mi cómodo empleo en un banco y dedicar los últimos 10 años, y crear una carrera nueva para la que no tenía ninguna formación o experiencia. En estos 10 años he conseguido más de lo que nunca imaginé: 2 premios literarios como autor, más de cien mil ejempleres vendidos de mis anteriores 12 libros, apariciones constantes en medios, un grupo de fans de decenas de miles de personas en todo el mundo, y unos ingresos muy elevados por hacer lo que más me gusta, trabajando desde mi casa, con un estilo de vida ideal, y una libertad que nunca había soñado. No importa lo que hayas hecho antes o dónde estés en este momento, te aseguro que puedes ser un experto en el tema que elijas en un par de años. Este libro se enfoca en ofrecerte mi experiencia para que tú puedas: 1) Posicionarte como experto: expresar el mensaje como experto para que la gente diga: ¡esta es la persona que necesito! 2) Crear tus productos: convertir tus conocimiento sen diferentes productos que la gente pueda comprar en formatos: consultoría, vídeo, audio, libros, formaciones... Cómo hacerlo y qué herramientas usar para crearlos. 3) Promoción: darte a conocer al mundo para que puedas dejar de buscar clientes y ellos te busquen a ti. El nuevo marketing basado en los contenidos y acciones propomionales paso a paso. Mi Programa Experto enseña paso a paso cómo entrar en la industria de los expertos, y he destilado en este libro lo esencial del curso que imparto en el Instituto de Expertos, la mejor formación sobre este tema en nuestra lengua. Si alguna vez has deseado ser: coach, consejero, terapeuta, autor,

conferenciante, formador, o crear y vender productos basados en el conocimiento... este es tu libro. Raimon Samsó, autor y director del Instituto de Expertos LA CLASE EMERGENTE DE LOS EXPERTOS es un lúcido alegato a la coherencia, a la creatividad, a la acción inteligente y a la prosperidad. El inconfundible estilo de Raimon nos atrapa desde la primera página. Montse Cortázar, fundadora de la agencia literaria Montse Cortazar Literary Agency

"Quizá lo peor que le puede ocurrir a una persona no sea morir, sino descubrir al final de su vida que no ha vivido como le hubiera gustado. A medida que avanzamos en nuestra existencia vamos abandonando nuestros sueños y proyectos para situarnos en un espacio en el que prima lo aparentemente seguro y rutinario; y con frecuencia, a pesar de nuestro malestar interior y de nuestra infelicidad, nos negamos a abandonar esa zona de confort por miedo a lo desconocido y lo incierto. Y así llega un día en el que descubrimos que nuestros sueños han quedado arrinconados en nuestro interior más profundo. Sin embargo, nuestro deseo de un cambio radical de vida nos acompaña constantemente. El coaching de Raimon Samsó emplea una metodología para conquistar tus sueños que trabaja desde el interior de la persona. Con Supercoaching para cambiar de vida el lector aprenderá que para alcanzar un resultado satisfactorio es imprescindible cambiar de percepción. Este libro te enseñará a establecer las estrategias necesarias para cambiar el rumbo en tu vida, desarrollar un plan de acción y aprender a ponerlo en práctica"--Publisher's description.

This collection comprises essays from various interdisciplinary perspectives – e.g. literary scholarship, intermediality, art history, psychoanalysis, philosophy, and medicine – to analyze and interpret the fictional and non-fictional works by Siri Hustvedt, an author whose reputation and public presence have been growing steadily in the 21st century and who is recognized as one of the most widely read and appreciated contemporary American writers. In her significance and stature as a public intellectual, she is not merely an American writer but a transnational, cosmopolitan author, who develops new forms not only of literary narrative but of interdisciplinary thought and writing, bringing together otherwise separated genres and branches of knowledge in a broad spectrum between literature and philosophy, historiography and art, psychoanalysis and neuroscience, narrative and medicine. The present volume is structured into the parts “Literary Creation and Communication,” Psychoanalysis and Philosophy,” “Medicine and Narrative,” “Vision, Perception, and Power,” and “Trauma, Memory, and the Ambiguities of Self” and closes with an interview of Siri Hustvedt by Susanne Becker in which Hustvedt elucidates her personal conception of her own creative processes of writing.

Despite promises of "fast and easy" results from slick marketers, real personal growth is neither fast nor easy. The truth is that hard work, courage, and self-discipline are required to achieve meaningful results—results that are not attained by those who cling to the fantasy of achievement without effort. Personal Development for Smart People reveals the unvarnished truth about what it takes to consciously grow as a human being. As you read, you'll learn the seven universal principles behind all successful growth efforts (truth, love, power, oneness, authority, courage, and intelligence); as well as practical, insightful methods for improving your health, relationships, career, finances, and more. You'll see how to become the conscious creator of your life instead of feeling hopelessly adrift, enjoy a fulfilling career that honors your unique self-expression, attract empowering relationships with loving, compatible partners, wake up early feeling motivated, energized, and enthusiastic, achieve inspiring goals with disciplined daily habits and much more! With its refreshingly honest yet highly motivating style, this fascinating book will help you courageously explore, creatively express, and consciously embrace your extraordinary human journey.

It is the spring of 1939 in the age of anxiety. In months Europe will be Hitler's. And Badenheim, a resort town vaguely in the orbit of Vienna, is preparing for its summer season. The vacationers arrive as they always have, a sampling of Jewish middleclass life: the impresario Dr. Pappenheim, his musicians, and their conductor; the gay Frau Tsauberblit; the historian Dr. Fusholdt and his much younger wife; the 'readers,' twins whose passion for Rilke is featured on their program; a child prodigy; a commercial traveler; a rabbi. The list waxes as the summer wanes. To receive them in the town are the pharmacist and his worried wife, the hotelier and his large staff, the pastry shop owner and his irritable baker, Sally and Gertie (two quite respectable prostitutes), and, mysteriously, the bland inspectors from the "Sanitation Department." The story unfolds as matter-of-factly as a Chekhov play. The characters on stage are so deeply held by their defensive daily trivia that they manage to misconstrue every signal of their fate. Finally, de facto prisoners in their familiar resort, the vacationers, now increased by the forced crowding-in of other Jews hardly on vacation, take on the lineaments of undefined disaster. The text builds a sense of foreboding in which each human detail is so persuasive, so right in its fidelity to the terrible evasions of the time, that it leaves the reader transformed by what he and the author know must happen to Badenheim's people. Badenheim 1939 owes everything to its author's astonishing capacity to recreate the energies and confusions of innocent and uncomprehending victims who, always loyal to civility and social graces, fail to even dimly see the cruel terms of their imminent fate.

The protagonist, Father Latzer, a priest banished for doctrinal heresy to an isolated, backward mountain parish, struggles to achieve personal redemption by bringing salvation to his primitive, taciturn, rural flock. Their mute atavism is disturbed only by the local whore, Footloose, embodying all the forces against which the priest's reforming mission is directed. The action is set in a recognisable time and a landscape which, through the power of Casellas' language, is endowed with a complex complex poetic charge and is as compelling today as when it was written.

Building on their breakthrough bestsellers Lean Software Development and Implementing Lean Software Development, Mary and Tom Poppendieck's latest book shows software leaders and team members exactly how to drive high-value change throughout a software organization—and make it stick. They go far beyond generic implementation guidelines, demonstrating exactly how to make lean work in real projects, environments, and companies. The Poppendiecks organize this book around the crucial concept of frames, the unspoken mental constructs that shape our perspectives and control our behavior in ways we rarely notice. For software leaders and team members, some frames lead to long-term failure, while others offer a strong foundation for success. Drawing on decades of experience, the authors present twenty-four frames that offer a coherent, complete framework for leading lean software development. You'll discover powerful new ways to act as competency leader, product champion, improvement

mentor, front-line leader, and even visionary. Systems thinking: focusing on customers, bringing predictability to demand, and revamping policies that cause inefficiency Technical excellence: implementing low-dependency architectures, TDD, and evolutionary development processes, and promoting deeper developer expertise Reliable delivery: managing your biggest risks more effectively, and optimizing both workflow and schedules Relentless improvement: seeing problems, solving problems, sharing the knowledge Great people: finding and growing professionals with purpose, passion, persistence, and pride Aligned leaders: getting your entire leadership team on the same page From the world's number one experts in Lean software development, *Leading Lean Software Development* will be indispensable to everyone who wants to transform the promise of lean into reality—in enterprise IT and software companies alike.
