Remember, Concept

Development is not

something you are either

“good at” or “bad at,”

but rather, a learning

process for grown-ups

too. Improving takes

planning and practice. If

you try this strategy out,

you may discover it gets

Bookmark File

Electric Current 1.

Water doesn't flow in the pipe when (a) both ends are at the same level. Another way of saying this is that water will not flow in the pipe when both ends have the same potential energy (PE). Similarly, charge will not flow in a conductor if both ends of the conductor
