The third edition of Draping for Apparel Design combines Joseph-Armstrong's classic step-by-step instructions with a user-friendly layout. To show how to turn two-dimensional drawings into three-dimensional garments, the author presents the following three draping principles and techniques: manipulating dart excess, adding fullness, and contour draping. New and updated design projects illustrate how to prepare a draping plan. Design analyses identify the creative elements of each design and help determine draping techniques required to develop patterns. This text emphasizes the importance of draping foundation garments for building more complex designs. Designers will gain essential skills to creatively apply draping techniques to their own designs.

This text combines step-by-step instructions illustrated to present the principles and methods of draping. Author Helen Joseph-Armstrong incorporates three draping techniques—manipulating dart excess, adding fullness, and contour draping—in design projects featured throughout the text. Projects begin with a draping plan and fashion drawing to identify its creative elements, and determine the draping technique required. The author describes the drape of the basic dress and its relationship to every garment in a clothing collection, emphasizing the drape of foundation garments as a base to building more complex design.

Intended for students of fashion design, clothing and dressmaking, this easy-to-follow bestseller teaches the different methods and principles involved in draping fabric on the dress form. The Art of Fashion Draping, 3rd Edition, is organised from basic to more advanced topics. New and revised illustrations keep the book up to date.

Draping—the art of using cotton muslin to create womenswear directly on a dress form—is an essential skill for fashion designers. Through a series of step-by-step projects, designed to develop skills from the most basic to more advanced techniques, this book will guide you in creating both classic and contemporary garments, as well as historical styles and costumes. Draping projects include dresses, bustiers, and jackets, and highlight key fashion garments such as Audrey Hepburn's dress from Breakfast at Tiffany's and the Dolce & Gabbana tuxedo jacket. Starting with the basics of choosing and preparing the dress form for draping, the book advances through pinning, trimming, and clipping, and creating shape using darts and tucks, to adding volume using pleats and gathers, and handling complex curves. Advanced skills include how to use support elements such as shoulder pads, under layers, and petticoats, and how to handle bias draping. The book culminates with a chapter on improvisational skills. Each skill and technique throughout the book is explained with step-by-step photographs and line drawings that bring the art of creating womenswear in three dimensions to life.

This book offers a thorough grounding in the principles of fashion design, describing the qualities and skills needed to become a fashion designer, examining the varied career opportunities available and giving a balanced inside view of the fashion business today. Subjects covered include how to interpret a project brief; building a collection; choosing fabric; fit, cutting and making techniques; portfolio presentation; and fashion marketing and economics. This third edition has been totally redesigned and extensively updated, with new images showing the latest fashion trends and coverage of new techniques.
