It is often asserted that West German New Leftists "discovered the Third World" in the pivotal decade of the 1960s. Quinn Slobodian upsets that storyline by beginning with individuals from the Third World themselves: students from Africa, Asia, and Latin America who arrived on West German campuses in large numbers in the early 1960s.

Foreign Front represents an intense effort to break through these and other distortions and underestimations of the Third World influence on German student protest in the 1960s. For one thing, it addresses the fact that there were actually thousands of students from Third World countries in the Federal Republic of Germany at the time.

Foreign Front is an important contribution to our understanding of the place that the Third World occupied in the imagination of the West German student movement. In particular, Slobodian provides an excellent account of the role that students from Africa, Asia and Latin America played in the West German New Left in the 1960s as he discusses the complex relationship between intellectuals in the West and revolutionaries in the Third World.
