"Pacific Northwest Lodges" is the final film in the series "Great Lodges of the National Parks"--a fine series shown on PBS a decade ago. This particular episode centers on parks located near Seattle and Portland, though not all the lodges featured are in national parks (a few are in national forests or national monuments) and a few big nearby parks aren't mentioned (like Olympic--which is near Seattle).

The official companion book to the popular PBS television series, Great Lodges, and the second volume in Christine Barnes's popular series, Great Lodges of the National Parks, Volume Two, will leave a lasting impression on any reader. Blending stunning nature, unique buildings, and fascinating stories, Great Lodges will transport you to another place through beautiful photography and writing. The selected lodges represent an eclectic collection of architecture that reflects America's social changes: from neo-classical grand resorts and Spanish revival villas to traditional lake lodges and log cabins in the mountains. Stunning photography by Fred Pflughoft and David Morris compliment Barnes's research and writing, while historical black-and-white photographs give readers a new appreciation for the historical landmarks and vistas that compliment our national parks.

The definitive guide to memorable stays in America's most beautiful places.

In this tribute to the first "parkitecture" icon of the west, readers will learn about Yellowstone National Park's early history (tourism and the railroad), the inn's construction, the inn's charm and entertainment, bears around the geyser basin, famous people at the inn, behind the scenes, employee stories, the 1959 earthquake, the 1988 fires, historic and planned renovations, and much more.

Sasquatch is pleased to offer the illustrated histories of North America's Great Lodges from W.W. West. There are hundreds of lodges, inns, and hotels in the U.S. and Canada, but only a handful of historic Great Lodges. Through stunning color photographs, historical pictures, and evocative text, learn the stories of these architectural treasures and the men and women who built them. Partial proceeds from sales of the books go to the rehabilitation of these magnificent buildings.

Presents a narrative history of the American National Park System, examining the events and political battles that led to the establishment of each park while profiling each for its unique attributes, in a volume that also pays tribute to key advocates.

The Office of Strategic Services, the forerunner of the Central Intelligence Agency, was founded in 1942 by William 'Wild Bill' Donovan under the direction of President Roosevelt, who realized the need to improve intelligence during wartime. A rigorous recruitment process enlisted agents from both the armed services and civilians to produce operational groups specializing in different foreign areas including Italy, Norway, Yugoslavia and China. At its peak in 1944, the number of men and women working in the service totaled nearly 13,500. This intriguing story of the origins and development of the American espionage forces covers all of the different departments involved, with a particular emphasis on the courageous teams operating in the field. The volume is illustrated with many photographs, including images from the film director John Ford who led the OSS
