LIBRO ESOTERICO

LIBRO ESOTERICO

Lo cierto es que de su estallido se culpó, entre otros, a los ya llamados illuminati debido a la tesis desarrollada por su creador, según la cual el régimen absolutista no era sino una etapa más de la historia en su devenir hacia un mundo mejor, un mundo que recuperase la infancia de la Humanidad, perdida por el camino, y en el que no había a deseo de poder ni de propiedad. Sin embargo, Weishaupt rechazaba el recurso revolucionario y abogaba por una reconducción, factible si se ...

La verdadera historia de los Illuminati

Los Illuminati o los Iluminados de Baviera, dirigidos por Adam Weishaupt, nacieron como sociedad secreta a finales del siglo XVIII en Ingolstadt, al sur de Alemania y, oficialmente, no sobrevivieron a ese siglo como grupo organizado. Como veremos, un grupo cada vez mayor de estudiosos disiente y recuerda que los principales líderes de los Illuminati nunca fueron detenidos.

This book reveals how this secret society plans to control people physically, emotionally, and mentally in the future. Este libro desvela cómo esta sociedad secreta intenta controlar físicamente, emocionalmente y mentalmente a la gente en los años venideros.

Bored with their work, three Milanese editors cook up "the Plan," a hoax that connects the medieval Knights Templar with other occult groups from ancient to modern times. This produces a map indicating the geographical point from which all the powers of the earth can be controlled—a point located in Paris, France, at Foucault's Pendulum. But in a fateful turn the joke becomes all too real, and when occult groups, including Satanists, get wind of the Plan, they go so far as to kill one of the editors in their quest to gain control of the earth. Orchestrating these and other diverse characters into his multilayered semiotic adventure, Eco has created a superb cerebral entertainment.

Transformation and Healing presents one of the Buddha's most fundamental teachings and the foundation of all mindfulness practice. The Sutra on the Four Establishments of Mindfulness has been studied, practiced, and handed down with special care from generation to generation for 2,500 years. This sutra teaches us how to deal with anger and jealousy, to nurture the best qualities in our children, spouses, and friends, and to greet death with compassion and equanimity.

The story of Tibet at the turn of the century as seen through the eyes of a boy. T. Lobsang Rampa was preordained to be a Tibetan priest, a sign from the stars that could not be ignored. When he left his wealthy home to enter the monastery, his heart was filled with trepidation, with only a slight knowledge of the rigorous spiritual training and physical ordeal that awaited him... This is his story, a hauntingly beautiful and deeply inspiring journey of awakening within Chakpori Lamasery, the temple of Tibetan medicine. It is a moving tale of passage through the mystic arts of astral projection, crystal gazing, aura deciphering, meditation, and more, a spiritual guide of enlightenment and discovery through the opening of the all-powerful, the all-knowing...

The Unpredictable Constitution brings together a distinguished group of U.S. Supreme Court Justices and U.S. Court of Appeals Judges, who are some of our most prominent legal scholars, to discuss an array of topics on civil liberties. In thoughtful and incisive essays, the authors draw on decades of experience to examine such wide-ranging issues as how legal error should be handled, the death penalty, reasonable doubt, racism in American and South African courts, women and the constitution, and government benefits. Contributors: Richard S. Arnold, Martha Craig Daughtry, Harry T. Edwards, Ruth Bader Ginsburg, Betty B. Fletcher, A. Leon Higginbotham, Jr., Lord Irvine of Lairg, Jon O. Newman, Sandra Day O'Connor, Richard A. Posner, Stephen Reinhardt, and Patricia M. Wald.

The Kybalion: A Study of the Hermetic Philosophy of Ancient Egypt and Greece is a book originally published in 1908 by New Thought author William Walker Atkinson under the pseudonym "The Three Initiates". This book is not exactly The Kybalion itself, it is more of a critical interpretation by Atkinson on hermetic philosophy. As such, it should be read with this in mind that it is not an authoritative hermetic text, but one only dedicated to Hermes Trismegistus. The Kybalion presents seven universal principles it proposes to be the Seven Hermetic Principles: Mentalism, Correspondence, Vibration, Polarity, Rhythm, Cause and Effect, and Gender. These principles are essentially explications of cycles, and before these principles is the notion of the primacy of mind as the cause of All (philosophical mentalism). This idea of mentalism is inspired by what is written about the Mind in The Hermetica. Coinciding with Spiritualism, New Thought, and Theosophy, the book became very popular in New Age movements, particularly with its notion of spiritual and mental alchemy. The Kybalion is a text which must be read with this in mind, while it is an interpretation of hermetic philosophy, it is in part still a relic of its time. Its influence cannot be understated, and the need to read it critically cannot be overstated.

Sin duda, A. E. Waite revolucionó la mayoría de los conceptos sobre el Tarot anteriores a él, y hoy no se concibe el estudio de esta materia sin su extraordinaria contribución. Esta aportación consistió en presentar a los interesados en el ocultismo una nueva visión del Tarot basada en el simbolismo hermético, y que plasmó, por una parte, en un libro, y, por otra, en el diseño de su famosa baraja. Pero mientras el Tarot que él creó es hoy día difundido y conocido en todo el mundo, el libro que contenía su estudio es, sorprendentemente, mucho más desconocido. En este estuche se incluye dicho libro, publicado en 1910 en Inglaterra bajo el título de La clave ilustrada del Tarot, junto a su famosa baraja de Tarot. Con seguridad, este libro y la baraja constituyen en su conjunto la obra sobre Tarot más importante creada hasta la fecha y un referente imprescindible para toda persona interesada en esta disciplina.

"Civil Society" has been experiencing a global renaissance among social movements and political thinkers during the last two decades. This collection of original papers by junior and senior scholars offers an important comparative-historical dimension to the debate by examining the historical roots of civil society in Germany and Britain from the seventeenth-century revolutions to the beginning of the welfare state.
