Archivistics. Paleontology is one of the historical sciences, along with archaeology, geology, astronomy, cosmology, philology and history itself. In 1937, the All-Union Committee for Higher Education awarded him the degree of Doctor of Historical Sciences.

historical science - definition - English - Online dictionary

A historical dictionary or dictionary on historical principles is a dictionary which deals not only with the latterday meanings of words but also the historical development of their forms and meanings. It may also describe the vocabulary of an earlier stage of a language's development without covering present-day usage at all.
