**How to Craft a
Research Paper
Outline Quickly
and Easily**

Informed consent
is one of the
founding
principles of

Read Book How To Do Research 15 Labs For The

research ethics.
Its intent is
that human
participants can
enter research
freely
(voluntarily)
with full
information
about what it
means for them
to take part,
and that they
give consent

Read Book How
To Do Research
before they enter the
research..
Consent should
be obtained
before the
participant
enters the
research
(prospectively) .
