~~In Defence of the Terror: Liberty or Death in the French ...~~

For two hundred years after the French Revolution, the Republican tradition celebrated the execution of princes and aristocrats, defending the Terror that the Revolution inflicted upon on its enemies. But recent decades have brought a marked change in sensibility. The Revolution is no longer judged in terms of historical necessity but rather by "timeless" standards of morality.

George Orwell said that, thanks to Dickens, the popular image of the French Revolution was a pyramid of severed heads. On this version the revolutionary events in France started out as a struggle against oppression and ended up as a bloody tyranny with the revolution devouring its own children.

## ~~In Defence of the Terror | Socialist Review~~

In this respect the author accomplishes what the title of the book indicates -- a defense of terror, specifically, the terror which followed the French Revolution. Part of that defense is showing how the Terror was that response to the institutional terror inflicted on the French masses during the centuries which preceded the revolution.
