BBC - Innocence Lost

X-23's origin story is even called Innocence Lost, as it depicts in disturbing detail the pain and suffering intentionally inflicted on her by the Facility and the incredibly monstrous Dr. Zander Rice to strip her of her humanity and turn her into an emotionless killing machine. Although they failed, the emotional damage that was done to her was still severe.

Innocence Lost

Undercover officer George Raffield's job was to pose as a student in the small town of Midlothian, Texas and infiltrate the high school drug ring. When Raffield's cover became suspect, word spread through a small circle of friends that the young officer would pay with his life. No one stopped it. On a rainy fall evening in 1987, Raffield was lured to an isolated field. Three bullets were fired-one unloaded into his skull. The baby-faced killer, Greg Knighten, stole eighteen dollars from Raffield's wallet, divided it among his two young accomplices, and calmly said, "it's done." With chilling detail, Carlton Stowers illuminates a dark corner of America's heartland and the children who hide there. What he found was an alienated subculture of drug abuse, the occult, and an unfathomable teenage rage that exploded at point blank range on a shocking night of lost innocoo...

Innocence Lost sweeps the reader up into the adventures of a boy who, from an unknown entity, manages to become his junior high ' s supreme leader, followed by a small transitional period of limited conflicts with the regime ' s Secret Service and culminates with the struggles of freedom out into the streets of Bucharest Romania in late December 1989. The book describes in detail every single thing that the author has experienced during the last six years of socialism of one of the most brutal dictatorships in Eastern Europe. Every aspect of schooling, education, military training, battlegrounds, and personal private life of the author has been described in order to let the readers know what could happen or could have happened if they were to live in socialism. The book also describes Romania ' s history, economics, cultural, and social life along with some of the author ' s favorite vacation spots. Robert V. Angel-Little gets elected to lead the masses of pioneers (students) and works tirelessly to consolidate his position not only as a feared leader, but also as a trustworthy person within his community. After he resigns his duties as junior high leader, he enrolls into the country ' s National Guard program and takes his admission tests at the high school of his choice. At both institutions, he comes into an open conflict with the elite forces of the Secret Service, who plays its part similarly to Nazi Germany ' s state police, the Gestapo. As both good and unfortunate events take their courses, the author and his friends manage to survive both institutions at great costs: the disappearances of some friends and also expulsions from both institutions. The latter, along with all the other mishaps that took place in the past, has been the trigger point of revenge of both the author and his friends which culminates with their actions during the late December 1989 Romanian Revolution. Innocence Lost is a boy ' s testament to the world and is dedicated to all those who have lived and died fighting for freedoms from the clutches of socialist and communist oppression.

The Gulf War and its aftermath have testified once again to the significance placed on the meanings and images of Vietnam by US media and culture. Almost two decades after the end of hostilities, the Vietnam War remains a dominant moral, political and military touchstone in American cultural consciousness. Vietnam War Stories provides a comprehensive critical framework for understanding the Vietnam experience. Vietnam narratives and modern war literature. The narratives examined - personal accounts as well as novels - portray a soldier's and a country's journey from pre-war innocence, through battlefield experience and consideration, to a difficult post-war adjustment. Tobey Herzog places these narratives within the context of important cultural and literary themes, including inherent ironies of war, the "John Wayne syndrome" of pre-war innocence, and the "heavy Heart-of-Darkness trip" of the conflict itself.

In a city of bootleggers and crime, one woman must rely on a long-dead lawman to hunt down justice... Philadelphia, 1924. Maggie Barnes doesn't have much left. After the death of her husband, she finds herself all alone to care for her young son and look after their rundown house. As if that weren't bad enough, Prohibition has turned her neighborhood into a bootlegger's playground. To keep the shoddy roof over their heads, she has no choice but to take on boarders with criminal ties. When her son's friend disappears, Maggie suspects the worst. And local politicians and police don't seem to have any interest in an investigation. With a child's life on the line, Maggie takes the case and risks angering the enemy living right under her nose. Maggie's one advantage may be her oldest tenant: the ghost of a Victorian-era cop. With his help, can she find justice in a lawless city? Innocence Lost is the first novel in the Bootleggers' Chronicles, a series of historical fiction tales. If you like headstrong heroines, Prohibition-era criminal underworlds, and a touch of the paranormal, then you'll love Sherilyn Decter ' s gripping tale. Buy Innocence Lost to dive into corruption and mystery today!

For all those still searching, looking for themselves, I have written this book to help those who may need to deal with issues in their lives and have not found the help or answers they have searched for. It ' s about finding peace within ourselves to be happy, caring, and loving.

When Jasmine Grant makes a serious enemy of ruthless New York mob boss Ken Parks, she has no choice but to run. But how do you escape someone whose underground connections have no limits? With his gorgeous blue eyes, perfect white teeth, and full, sensuous lips, Parks grabs Jasmine's attention the first moment she lays eyes on him. However, when Parks tries to muscle his way into her father's business-a corrupt business that Antonio Grant has kept hidden from his daughter-Jasmine's world begins to crumble. She is framed for drug use, fired from her job, and her apartment building is burned to the ground. When she witnesses the brutal murder of her father for information Parks wants, Jasmine flees to Maine. Once there, she makes yet another shocking discovery about her father's business-all while Parks attempts to locate Jasmine and exact his revenge. Along the way, Las Vegas boss Billy Gorman comes to Jasmine's aid, bringing his own set of unsavory rules, and a U.S. Marshal with an uncanny habit of showing up at critical moments turns the tide against both sides. Jasmine's world of naivet é is forever stolen as battle lines are drawn in a deadly game of corruption, with humans as the grand prize.

Our lives are such that moral wrongdoing is sometimes inescapable for us. We have moral responsibilities to persons which may conflict and which it is wrong to violate even when they do conflict. Christopher W. Gowans argues that we must accept this conclusion if we are to make sense of our moral experience and the way in which persons are valuable to us. In defending this position, he critically examines the recent moral dilemmas debate. He maintains that what is important in this debate is not whether there are irresolvable moral conflicts, but whether there are moral conflicts in which wrongdoing is unavoidable. Though it would be incoherent to conclude moral deliberation by deciding to perform incompatible actions, he argues that there is nothing incoherent in supposing that we have conflicting moral responsibilities. In this way, he shows that it is possible to capture the intuitions of those who have defended the idea of moral dilemmas while meeting the objections of those who have rejected this idea. Gowans carefully evaluates utilitarian and Kantian analyses of moral dilemmas. He argues that these approaches eliminate genuine moral conflict only by displacing persons as direct objects of moral concern. As an alternative, he develops a more concrete account in which moral responsibilities to persons are central. On his account, we have moral responsibilities to particular persons by virtue of our appreciation of the intrinsic and unique value of each of these persons and of our connections with them. Gowans argues that when we think of our responsibilities in this way, we have reason to believe that they sometimes conflict and that it is wrong to violate them even when they doconflict. The book also includes discussions of Melville's Billy Budd, methodology in moral philosophy, moral pluralism, moral tragedy, and "dirty hands" in politics.

Innocence Lost By: Cheryl Patterson
Innocence Lost is a coming-of-age story of a girl who had been through a childhood of abuse from those who were supposed to be her protectors. These abuses led her to see herself as broken and unacceptable to society. Yet, unbeknownst to her, her Creator was watching and preparing her future to be one of healing and purpose. A narrative intertwined with poetry, Cheryl Patterson ' s novel gives readers characters that are both real and relatable. Those who have experienced abuse and carry guilt and shame from their past will find hope and healing for their souls. Anyone looking for encouragement and reassurance of the healing power of the love of God will find both in the poetry and prose of Innocence Lost.

This is the story of one boy, one family, one community after World War II. The rural landscape changed rapidly in the early mid-1950 ' s. Farming basically was transformed from the horse to the modern farm. Asa Johnson lived in this time and this place. He saw the Garden of Eden he lived in changed by outside serpents. He saw the safe order challenged. He witnessed the rules of the game of life being changed, and the values instilled in his Christian upbringing questioned. With every change, every challenge, he questioned his life more. And he endures, grows stronger as the paths of life and death mold him, his family, his community, and his country. It was the time of change. It was the time of " Innocence Lost! "

The Snejlders: a longstanding criminal family from the East End of London. Matthias: Head of his family ' s illicit empire. Living the dual identities of benevolent family man and ruthless Alpha Male gangster, can he be successful in separating and managing his joint commitments? Oscar: Matthias ' nephew; represents the hope that a Snejldjer can make a name for himself outside the life of crime. However after suffering a troubled childhood, will Oscar slip into the underworld that ensnared the rest of his family? Surrounding these two individuals is a web of manipulation, vendettas and violence they both find themselves confronting. Can they successfully overcome the obstacles set before them?
