The Intermediate Accounting Simulation is designed to help students see how the individual topics they study in Intermediate Accounting are related to each other and to the financial statements as a whole. Students take the role of a newly hired accountant for an owner-managed business and help the CFO prepare a complete set of financial statement starting from an unadjusted trial balance. Each module of the Simulation is linked to a particular topic covered in Intermediate Accounting and introduces new information related to the business.

Download Ebook Intermediate Accounting Ninth Canadian Edition Solutions

Students analyze this information, recommend adjustments needed to the books and financial statements of the company and write memos to the CFO explaining the basis for their recommendations.
