I WISH I KNEW THEN WHAT I KNOW NOW! Don't get to the end of your law school career muttering these words to yourself! Take the first step toward building a productive, successful, and perhaps even pleasant law school experience—read this book! Written by students, for students, Law School Confidential has been the "must-have" guide for anyone thinking about, applying to, or attending law school for more than a decade. And now, in this newly revised third edition, it's more valuable than ever. This isn't the advice of graying professors or battle-scarred practitioners long removed from law school. Robert H. Miller has assembled a blue-ribbon panel of recent graduates from across the country to offer realistic and informative firsthand advice about what law school is really like. This updated edition contains the very latest information and strategies for thriving and surviving in law school—from navigating the admissions process and securing financial aid, choosing classes, studying and exam strategies, and securing a seat on the law review to getting a judicial clerkship and a job, passing the bar exam, and much, much more. Newly added material also reveals a sea change that is just starting to occur in legal education, turning it away from the theory-based platform of the previous several decades to a pragmatic platform being demanded by the rigors of today's practices. Med School Confidential from Robert H. Miller and Daniel M. Bissell uses the same chronological format and mentor-based system that have made Law School Confidential and Business School Confidential such treasured and popular guides. It takes the reader step-by-step through the entire med school process--from thinking about, applying to, and choosing a medical school and program, through the four-year curriculum, internships, residencies, and fellowships, to choosing a specialty and finding the perfect job. With a foreword by Chair of the Admissions Committee at Dartmouth Medical School Harold M. Friedman, M.D., Med School Confidential provides what no other book currently does: a comprehensive, chronological account of the full medical school experience.

An insider's guide to the business school experience offers practical, objective, and firsthand advice for students entering business school and provides a detailed overview of the complex inner workings, challenges, and educational requirements students will encounter during the entire two years of their MBA, from initial application to landing the perfect job. Original. 20,000 first printing.

First published in 1999, Acing Your First Year of Law School has become one of the bestselling law school preparation books of all time. Every law student will tell you that the first year is the most important and the most frustrating. Law professors do not teach students the law, instead they leave students on their own to figure out the "answer" from a series of questions. This is a manual that teaches first year law students the ten basic skills they need to know to start

learning their first day and ace their first year. The Second Edition has been updated to reflect the best use of technology. It includes a Preface that addresses the Socratic Method and how to beat it. It also includes an Epilogue that focuses on tasks that are necessary to ensure a successful transition from the first to the second semester.

Professors Fischl and Paul explain law school exams in ways no one has before, all with an eye toward improving the reader ' s performance. The book begins by describing the difference between educational cultures that praise students for “ right answers, ” and the law school culture that rewards nuanced analysis of ambiguous situations in which more than one approach may be correct. Enormous care is devoted to explaining precisely how and why legal analysis frequently produces such perplexing situations. But the authors don ' t stop with mere description. Instead, *Getting to Maybe* teaches how to excel on law school exams by showing the reader how legal analysis can be brought to bear on examination problems. The book contains hints on studying and preparation that go well beyond conventional advice. The authors also illustrate how to argue both sides of a legal issue without appearing wishy-washy or indecisive. Above all, the book explains why exam questions may generate feelings of uncertainty or doubt about correct legal outcomes and how the student can turn these feelings to his or her advantage. In sum, although the authors believe that no exam guide can substitute for a firm grasp of substantive material, readers who devote the necessary time to learning the law will find this book an invaluable guide to translating learning into better exam performance. “ This book should revolutionize the ordeal of studying for law school exams... Its clear, insightful, fun to read, and right on the money. ” — Duncan Kennedy, Carter Professor

of General Jurisprudence, Harvard Law School “ Finally a study aid that takes legal theory seriously... Students who master these lessons will surely write better exams. More importantly, they will also learn to be better lawyers. ” — Steven L. Winter, Brooklyn Law School “ If you can't spot a 'fork in the law' or a 'fork in the facts' in an exam hypothetical, get this book. If you don ' t know how to play 'Czar of the Universe' on law school exams (or why), get this book. And if you do want to learn how to think like a lawyer—a good one—get this book. It's, quite simply, stone cold brilliant. ” — Pierre Schlag, University of Colorado School of Law (Law Preview Book Review on The Princeton Review website) Attend a Getting to Maybe seminar! Provides a guide to preparing for and pursuing a career in law, including tips on studying for the LSAT, advice on choosing a law school, and a survey of career options

One L, Scott Turow's journal of his first year at law school and a best-seller when it was first published in 1977, has gone on to become a virtual bible for prospective law students. Not only does it introduce with remarkable clarity the ideas and issues that are the stuff of legal education; it brings alive the anxiety and competitiveness--with others and, even more, with oneself--that set the tone in this crucible of character building. Each September, a new crop of students enter Harvard Law School to begin an intense, often grueling, sometimes harrowing year of introduction to the law. Turow's group of One Ls are fresh, bright, ambitious, and more than a little daunting. Even more impressive are the faculty. Will the One Ls survive? Will they excel? Will they make the Law Review, the outward and visible sign of success in this ultra-conservative microcosm?

With remarkable insight into both his fellows and himself, Turow leads us through the ups and downs, the small triumphs and tragedies of the year, in an absorbing and thought-provoking narrative that teaches the reader not only about law school and the law but about the human beings who make them what they are. In the new afterword for this edition of *One L*, the author looks back on law school from the perspective of ten years' work as a lawyer and offers some suggestions for reforming legal education.

Featuring an in-depth interview with the Director of Admissions at Tuck School of Business, ranked #1 by the Wall Street Journal. Written for students about to embark on this two-year odyssey, by students who have successfully survived business school, *Business School Confidential* provides a comprehensive, blow-by-blow chronological account of the complete MBA experience. Miller and Loucks have assembled a panel of recent MBA graduates from across the country, all of whom are in a prime position to offer realistic and informative advice on what business school is really like today. Together, they will walk you through the entire process - from thinking about, applying to, and choosing a business school and program, through the two-year curriculum, recruiting, summer internships, networking, and ultimately, finding the perfect job. The book also features interviews with top Fortune 500 CEOs including Jeff Bezos of Amazon.com, Larry Bossidy, former CEO of Allied Signal; Vernon R. Loucks formerly of Baxter International and currently of Segway, Jim McNerney, CEO of 3M; and Edward Whitacre, Chairman and CEO of SBC, and with Kristine Laca, the Director of Admissions of Tuck School of Business at Dartmouth College, currently rated as the #1 Business School in the U.S. according to the Wall Street Journal. This is truly a book no aspiring business school

Offers one hundred rules that every first year law student should live by “ Dear Law Student: Here ’ s the truth. You belong here. ” Law professor Andrew Ferguson and former student Jonathan Yusef Newton open with this statement of reassurance in *The Law of Law School*. As all former law students and current lawyers can attest, law school is disorienting, overwhelming, and difficult. Unlike other educational institutions, law school is not set up simply to teach a subject. Instead, the first year of law school is set up to teach a skill set and way of thinking, which you then apply to do the work of lawyering. What most first-year students don ’ t realize is that law school has a code, an unwritten rulebook of decisions and traditions that must be understood in order to succeed. *The Law of Law School* endeavors to distill this common wisdom into one hundred easily digestible rules. From self-care tips such as “ Remove the Drama, ” to studying tricks like “ Prepare for Class like an Appellate Argument, ” topics on exams, classroom expectations, outlining, case briefing, professors, and mental health are all broken down into the rules that form the hidden law of law school. If you don ’ t have a network of lawyers in your family and are unsure of what to expect, Ferguson and Newton offer a forthright guide to navigating the expectations, challenges, and secrets to first-year success. Jonathan Newton was himself such a non-traditional student and now shares his story as a pathway to a meaningful and positive law school experience. This book is perfect for the soon-to-be law school student or the current 1L and speaks to the growing number of first-generation law students in America.
