Management

Challenges In

This book focuses on management challenges in different types of companies, ranging from small to large, from private to public and from service to manufacturing in the African context. With empirical data from

Download File

PDF Le

countries as diverse as Rwanda, Kenya and Ethiopia, it discusses the increasing economic importance of the African continent, covering relevant topics on sustainability and environmental issues, exports, logistics, HR issues, innovation and financial reporting. Through different conceptual insights and

Download File

PDF Le

empirical case studies, the research presented serves as a useful resource for academics, students, and policy-makers interested in in-depth studies on management challenges in Africa.

This book presents an authoritative collection of contributions reporting on fuzzy logic

Download File

PDF Le

and decision theory, together with applications and case studies in economics and management science. Dedicated to Professor Jaume Gil Aluja in recognition of his pioneering work, the book reports on theories, methods and new challenges, thus offering not only a timely reference guide

Download File

PDF Le

but also a source of new ideas and inspirations for graduate students and researchers alike.

The New

New developments in bio- and nanotechnologies and also in information and communication technologies have shaped the research environment in the last decade. Increasingly,

Download File

PDF Le

highly educated experts in R&D departments are collaborating with scientists and

researchers at universities and research institutes to develop new technologies.

Transnational companies that have acquired various firms in different countries need to manage diverse R&D strategies and

Download File

PDF Le

cultures. The new knowledge-based economy permeates across companies, universities, research institutes and countries, creating a cross-disciplinary, global environment. Clearly, managing technology in this new climate presents significant challenges. This book comprises selected

Download File

PDF Le

papers from the 14th International Conference on Management of Challenges In Technology, which was convened under the auspices of IAMOT and UNIDO on 22-26 May 2005 in Vienna, Austria. It deals with some important aspects of these challenges, and discusses in detail the changing dynamics of

Download File
