art lessons lesson plans Wax crayons have been around since the early 1900's, and were created to be an educational tool for children to learn color. It is probably safe to say, almost every home with kids has a box of crayons floating around. Often times, these boxes end up a giant mix of half used and broken crayons.

How to Write a Lesson Plan. Here are five things to remember when creating a lesson plan: 1. Incorporate the required standards to the subject. This is one of the major factors to consider when building the primary components of your lesson plan. Take the time to learn about the traditional requirements set by the district and/or state you are in.

Place 4 or 5 drops of water together on a piece of wax paper to make one medium-size drop. Gently tilt the wax paper in different directions so that the drop moves. Use a popsicle stick to slowly drag the drop around the wax paper a bit. Try using your popsicle stick to separate your drop into two.
