This book examines the nature of 'liberal peace': the common aim of the international community's approach to post-conflict statebuilding. Adopting a particularly critical stance on this one-size-fits-all paradigm, it explores the process by breaking down liberal peace theory into its constituent parts: democratisation, free market reform and development, human rights, civil society, and the rule of law.

Abstract. Since the early 1990s, the projects of peace-building and state-building have increasingly been integrated. Since the early 2000s, this has been mainly an outcome of the United States' and the United Kingdom's support for an active, muscular and humanitarian internationalism. This book examines the nature of ‘liberal peace’ — the common aim of the international community's approach to post-conflict statebuilding.

This article critically evaluates the assumptions and values of liberal peace on statebuilding by situating it within the current debate in peace studies, and focuses particularly on one of the key assumptions in liberal peace literature: that peace is necessarily the outcome of liberal democracy, market-based economic reforms and the formation of institutions associated with modern states. 1 A case study from East Africa illustrates this paradigm. The main question is: What are the ...

This book explores the interplay of local peace agency with the (neo)liberal peacebuilding project. It looks at how far local ‘peace formation’ dynamics can go to counteract the forces of violence and play a role in rebuilding the state, consolidate peace processes and induce a more progressive form of politics.

~~Post-Liberal Peace Transitions: Between Peace Formation ...~~
In 2009 Liberal Peace Transitions (Edinburgh University Press) examined how, in the cases of Bosnia, Kosovo, Timor Leste, Cambodia, and the Middle East, liberal peacebuilding had collapsed into the altogether less ambitious statebuilding project and, in any case, had failed to produce democracy, rights, and justice. These internationally backed transitions, variously described as statebuilding ...
