interpersonal and group processes including: interpersonal communication, dynamics within groups, dynamics between groups and leadership. Part IV is devoted to organizational processes - organizational culture, job design and organization design. In four chapters, part V builds on preceding chapters and suggests a variety of linkages among individual, group and organizational processes. Included are decision making/goal setting, power/political behavior, conflict within organizations and work stress. Finally, part VI covers career planning and development, and the nature of and approaches to planned organizational change.

This best-selling book takes a traditional approach to Organizational Behavior beginning with The Individual, The Group and then moving into The Organization. It covers the cutting-edge topics such as learning and motivation, emotions, trust and group-dynamics.
