THE HARD DRIVE BIBLE, EIGHTH EDITION is the definitive reference book for anyone who deals with personal computer data storage devices of any kind. This comprehensive work covers installations, drive parameters, & set up information for thousands of Hard Disk, Optical, DAT Tape, & CD-ROM Drives. A concise history of data storage devices is followed by the most expansive compilation of technical data offered to the public today. Specifications, drawings, charts & photos cover jumper settings, cabling, partitioning & formatting of disk drives. SCSI commands & protocols are addressed, in addition to chapters revealing the intricacies of different interface standards & common troubleshooting procedures. THE HARD DRIVE BIBLE contains the answers to anyone's questions concerning the purchase, installation & use of modern digital data storage devices. The difficulties caused by compatibility mismatches are addressed & solutions are offered. Also featured are controller card information & performance ratings, as well as valuable tips on increasing drive performance & reliability through software. THE HARD DRIVE BIBLE is published by Corporate Systems Center, one of the leaders in the digital storage device field. A CD-ROM included with the book carries CSC's drive performance test software & formatting tools, as well as thousands of drive parameters, specifications, & technical drawings. To order contact: Corporate Systems Center, 1294 Hammerwood Avenue, Sunnyvale, CA 94089; 408-743-8787.

The elaborate Allied schemes to keep Spain and Portugal out of WWII!featuring the real-life spy work of Ian Fleming, creator of James Bond. Historian Mark Simmons reveals the various Allied operations designed to keep the Iberian Peninsula out of WWII. It is a tale of widespread bribery of high ranking Spanish officials, the duplicity of Adm. Wilhelm Canaris, head of the Abwehr, and an elaborate scheme developed by a Naval Intelligence commander who would later create the iconic spy character. Ian Fleming and Alan Hillgarth were the architects of Operation Golden Eye, the sabotage and disruption scheme that would have been put in place, had Germany invaded Spain. Fleming visited the Iberian Peninsula and Tangiers during the war, in what was arguably the closest he came to being a real secret agent. It was these visits that supplied much of the background material for his James Bond novels. Fleming even called his home on Jamaica where he created 007 (Goldeneye.) The book begins in October 1940, when Hitler met with Spanish dictator Francisco Franco. At that time, an alliance between Germany and Spain seemed possible. In response, Adm. Godfrey of British Naval Intelligence created Operation Tracer, in which a listening and observation post would be buried in the Rock of Gibraltar, should it fall to the Germans. Simmons also explores the SIS and SOE operations in Portugal and the vital Wolfram wars. Though Operation Golden Eye was eventually put on standby in 1943, its intrigue and intricacy are both fascinating and enlightening.

Recounts the origins of the PGA tour in 1916 and its development up to the present, highlighting the finest players and notable contests, with statistics for all tournaments through 1988

This workbook/textbook package accompanies the main text Health Information: Management of a Strategic Resource (ISBN 0-7216-5132-1).

How to determine the true strength and stability of any business What's the key to multibillionaire Warren Buffett's five-decade run as the most successful investor in history? Fundamental analysis. With this book, you will apply different machine learning and deep learning techniques and learn how to build your own intelligent applications for smart ...

Life has gotten a bit boring for Zuria Johnston, and with the exception of her Friday nights out with her best, flamboyant friend, Chase, and her job as a guidance counselor, she seems to have hit a rut. After a rough break-up with her longtime boyfriend, Manuel, her prospects of finding a man also seem pretty bleak. That is, until she connects with her poetic crush, Amir, and he opens her eyes to a world of romance and passion that she didn't know existed. She discovers what it feels like to be loved as a real woman should, and to overcome the difficulties of being a young, strong, black woman who is afraid to have her heart broken for a second time. The thrill of new romance seems to fill the emptiness in her life, but her old life isn't as easy to escape as she first thought. Mistakes that she thought she had left behind threaten to undo everything that she has begun to build in this new chapter of her life, but she isn't the only one battling the demons of her past. The poetic and passionate Amir harbors some dark secrets of his own, and when the truth begins to come out, the connection between her two lovers, old and new, may end her short reign of happiness before it ever fully begun. With love from one man and sworn vengeance from another, Zuria is trapped in the middle, trying desperately to make her way through the tangled troubles of family, love, and happiness. The problem is, she might lose more than the man of her dreams. As this complex and spellbinding story reaches its peak, Zuria will have to risk mind, body, and soul for herself and the people she loves, but will that final risk mean achieving the life she'd always dreamed of? Or will she end up making the ultimate sacrifice?
