'The Medieval World Complete' re-creates one of the great ages of European civilization through a sequence of spectacular images accompanied by a lively, informed commentary. Ingeniously organized by topic and thoroughly cross-referenced, this all-embracing book enables the reader to explore and understand every facet of the Middle Ages, an era of breathtaking artistic achievement and of religious faith in a world where life was often coarse and cruel, cut short by war, famine and disease. Framed by chapters that outline the way the Middle Ages began and ended, the book consists of six sections encompassing religion and the Church, nations and law, daily life, art and architecture, scholarship and philosophy, and the world beyond Christendom. The book is completed by biographies of key personalities, from Charlemagne to Wycliffe, and timelines, maps, a glossary, gazetteer and bibliography.

Introduction to Medieval Europe 300-1500 provides a comprehensive survey of this complex and varied formative period of European history. Covering themes as diverse as barbarian migrations, the impact of Christianization, the formation of nations and states, the emergence of an expansionist commercial economy, the growth of cities, the Crusades, the effects of plague, and the intellectual and cultural life of the Middle Ages, the book explores the driving forces behind the formation of medieval society and the directions in which it developed and changed. In doing this, the authors cover a wide geographic expanse, including Western interactions with the Byzantine Empire and the Islamic World. Now in full colour, this second edition contains a wealth of new features that help to bring this fascinating era to life, including: A detailed timeline of the period, putting key events into context Primary source case boxes Full colour illustrations throughout New improved maps A glossary of terms Annotated suggestions for further reading The book is supported by a free companion website with resources including, for instructors, assignable discussion questions and all of the images and maps in the book available to download, and for students, a comparative interactive timeline of the period and links to useful websites. The website can be found at www.routledge.com/cw/blockmans. Clear and stimulating, the second edition of Introduction to Medieval Europe is the ideal companion to studying Europe in the Middle Ages at undergraduate level.

The Discarded Image paints a lucid picture of the medieval world view, providing the historical and cultural background to the literature of the middle ages and renaissance. It describes the 'image' discarded by later years as 'the medieval synthesis itself, the whole organization of their theology, science and history into a single, complex, harmonious mental model of the universe'. This, Lewis's last book, has been hailed as 'the final memorial to the work of a great scholar and teacher and a wise and noble mind'.

Originally published in 1993, The Medieval World of Nature looks at how the natural world was viewed by medieval society. The book presents the argument that the pragmatic medieval view of the natural world of animals and plants, existed simply to serve medieval society. It discusses the medieval concept of animals as food, labour, and sport and addresses how the biblical charge of assuming dominion over animals and plants, was rooted in the medieval sensibility of control. The book also looks at the idea of plants and animals as not only pragmatic, but as allegories within the medieval world, utilizing animals to draw morality tales, which were viewed with as much importance as scientific information. This book provides a unique and interesting look at the everyday medieval world.

"Chronicles the period between the 4th and 12th centuries, when rulers in Europe, the Mideast and Asia turned to religious reasons to justify political and military action, a time that included the development of Islam, the crowning of Charlemagne and the rise of the T'ang Dynasty. By the author of The History of the Ancient World."
