One of the exercises described in the book is listening for body feedback, which allows the body's intuitive wisdom to determine which foods would be most nourishing at a given time. Each chapter in this highly readable book features a summary of the main points discussed, as well as suggestions for how the reader could work with these in his or her own life.

Mindset The CNS is what keeps everything moving, it's what connects the brain to the rest of the body. Thanks to the CNS we can go from shaking to staying steady to even having goose bumps. The CNS is divided in 2 systems: the sympathetic nervous system and the parasympathetic nervous system. The sympathetic nervous [...]
