Dear Medical Student Welcome to Ophthalmology! In this booklet we have put together tables of core knowledge that we think you need to know and key ophthalmic disorders we think you need to have seen. There are descriptions and color pictures of the different causes of The Red Eye and the common causes of acute loss of vision.

...
The need for a textbook for undergraduate medical students in ophthalmology dealing with the basic concepts and recent advances has been felt for a long-time. Keeping in mind the changed curriculum this book is intended primarily as a first step in commencing and continuing the study for the fundamentals of ophthalmology which like all other branches of medical sciences, has taken giant strides in the recent past.

I am currently a 4th year medical student applying for a residency position in ophthalmology and I owe so much to you and the fruits of your tireless labor. Your focused, easily digestible and often silly approach to learning is a welcomed breath of fresh air to the mundane rigors of traditional medical training.
