A day in the life of an orangutan A report about a day in the life of an orangutan. We see him in a nest, swinging through the trees, eating and sleeping. 26 November 2012

~~A day in the life of an orangutan - BBC~~

A whimsically-illustrated picture book following a young orangutan through a day in the rainforest. When a young orangutan wakes in his nest of leaves, his day in the rainforest begins. He swings through the canopy searching for food, visits the river below and encounters other Borneo wildlife some of which create great danger. At day's end, he settles into a new nest of leaves, ready for another adventure tomorrow.

~~Orangutan: A Day in the Rainforest Canopy follows a young orangutan from morning to night. He swings through the canopy searching for food, visits the river below and encounters other Borneo wildlife—some of which create dangerous situations. The simple storyline and playful illustrations make it perfect for children as young as four years old.~~

~~Review of Orangutan: A Day in the Rainforest Canopy~~

~~A typical day at Matang begins with gibbon song between 6.30-7am, so man-made alarms are often not required! Work commences at 8.15am, when volunteers are tasked with assisting with husbandry work for a variety of species - sun bears, macaques, gibbons and of course, the orangutan.~~

~~Orangutans occasionally enter grasslands, cultivated fields, gardens, young secondary forest, and shallow lakes. Most of the day is spent feeding, resting, and travelling. They start the day feeding for two to three hours in the morning. They rest during midday, then travel in the late afternoon.~~

~~Orangutan Foundation was founded in 1990 and is saving the critically endangered orangutan by protecting their tropical forest habitat. It rescues and releases orangutans back into the wild. It works with local communities promoting sustainable livelihoods and education. A future for orangutans, fo~~

~~Orangutan Foundation~~

~~Author Rita Goldner is obviously concerned about the diminishing number of orangutans. The dedication for her picture book, Orangutan: A Day in the Rainforest Canopy, reads: "For young readers who might some day make a difference for wild orangutans." The quickly disappearing rainforests are taking away the natural habitat of orangutans.~~
