The first time I caused terrible harm to the people I love it was an accident. The second is the reason I'm here. When Alexandra discovers that her husband Philippe is having an affair, she can't believe he'd risk losing the love that has transformed both their lives. Still in shock, Alexandra finds herself powerfully attracted to a much younger man. Jean-Luc Malavoine is twenty-three, intense and magnetic. He's also the son of Philippe's best friend. With every increasingly passionate liaison, Alexandra is pulled deeper into a situation that threatens everyone she holds dear. Beautifully told through the boulevards and arrondissements of the City of Light, Paris Mon Amour is a sensual novel about inescapable desire and devastating betrayals. It is the story of one woman and two men, and what happens when there is no way out. 'A truly emotional ride. A story of lust, love and loss with a beautifully described Paris as its backdrop. I galloped through it in a couple of days' Claire Fuller, author of Our Endless Numbered Days Isabel Costello is the host of the Literary Sofa blog, which features authors from new talent to New York Times bestselling novelists. Guest writers on the blog have included Patrick Gale, Linda Grant, Tracy Chevalier and Karen Joy Fowler. She read Modern Languages

(French and German) at Oxford, before pursuing a career in marketing and communications. She is now a full-time writer, and lives in London.

For almost half a century the author dreamed of France, of someday walking the Champs Elysees, and touching the Eiffel Tower. Her book, Paris, Mon Amour, is an account of one perfect week in Paris, where seeing the Mona Lisa in the famed Louvre was possible; and popping into a sidewalk cafe, a daily occurrence! It was intended to be a light-hearted account of that week; but became so much more as she encountered an atmosphere never before experienced. The Parisian way!"

When I travel the world my camera accompanies me everywhere I go. The first time I visited the city of Paris was in 1985. During my relatively brief but intense stay I took a lot of shots, as an enthusiastic photographer, who first got behind the "Iron Curtain". My dream had come true, I eagerly devoured with all my senses the atmosphere of this amazing city. I mostly captured people who were enjoying themselves at a leisurely pace, lovers in the park, people on the banks of the Seine, groups of people chatting in small cafes. I was enchanted by the atmosphere of the big city, which I had never experienced before, the apparent carefree attitude of the people with

whom I encountered. The smiling saleswoman at Gallery Lafayette with luxury goods in contrast with the market in St. Ouen, where you can buy anything, from the cheapest trinkets to antique furniture. Since then I have visited Paris many times as well as other world metropolises, each of which has its own unique soul floating through the air. However, Paris is the place that inspired me most. Paris remains forever in my heart. My love, Paris. Mon amour, Paris.

A “lovely collection” of essays by the NPR commentator about his beloved adopted city, both before and after Hurricane Katrina (Publishers Weekly). NPR commentator Andrei Codrescu has long written about the unique city he calls home. How apt that a refugee born in Transylvania found his place where vampires roam the streets and voodoo queens live around the corner; where cemeteries are the most popular picnic spots; the ghosts of poets, prostitutes, and pirates are palpable; and in the French Quarter, no one ever sleeps. Codrescu’s essays have been called “satirical gems,” “subversive,” “funny,” “gonzo,” and “wittily poignant”—here is a writer who perfectly mirrors the wild, voluptuous character of New Orleans itself. This retrospective follows him from newcomer to near native:

first seduced by the lush banana trees in his backyard and the sensual aroma of coffee at the café down the block, Codrescu soon becomes a Window Gang regular at the infamous bar Molly's on Decatur; does a stint as King of Krewe de Vieux Carré at Mardi Gras; befriends artists, musicians, and eccentrics; and exposes the city's underbelly of corruption, warning presciently about the lack of planning for floods in a city high on its own insouciance. Alas, as we all now know, Paradise is lost, but here Codrescu also writes about how the city's heart still beats even after 2005's devastating hurricane. New Orleans, *Mon Amour* is a portrait of an incomparable place, from a writer who "manages to be brilliant and insightful, tough and seductive about American culture" (The New York Times Book Review). "Finely honed portraits of a fabled city and its equally fabled inhabitants. The author, who has called the Big Easy home for two decades, shows how, like some gigantic bohemian magnet, New Orleans attracts some of the world's most talented, self-indulgent freaks. Codrescu finds himself quite at home there. He expertly weaves pages of New Orleans history through his stories of personal discovery and debauchery. . . . Readers can't help coming away from reading it without an abiding hope in the ability of ordinary people, under the worst circumstances, rising to whatever challenges they face."

The award-winning screenplay for the classic film the New York Post hailed as “overwhelming . . . a motion picture landmark.” One of the most influential works in the history of cinema, Alain Renais’s Hiroshima Mon Amour gathered international acclaim upon its release in 1959 and was awarded the International Critics’ Prize at the Cannes Film festival and the New York Film Critics’ Award. Ostensibly the story of a love affair between a Japanese architect and a French actress visiting Japan to make a film on peace, Hiroshima Mon Amour is a stunning exploration of the influence of war on both Japanese and French culture and the conflict between love and inhumanity.
