Barnes lives through the pain and trauma of these victims time and again, attempting to solve the clues Calavera leaves behind. I won't pretend I know anything about this genre. As far as I can tell, "Punishment" is a run-of-the-mill hardboiled detective story with a soft sci fi element we've all seen before thrown in.

Punishment: A Thriller (Detective Barnes Book 1) by Scott J. Holliday (Author) 4.1 out of 5 stars (1,071)

Detroit-based homicide detective John Barnes has seen it all, literally. Thanks to a technologically advanced machine, detectives have access to the memories of the living, the dying, and the recently dead. But extracting victims' experiences first hand and personally reliving everything up to the final, brutal moments of their lives, the sights, the sounds, the scents, the pain, is also the punishment reserved for the criminals themselves. Barnes has had enough. Enough of the memories that aren't his. Enough of the horror. Enough of the voices inside his head that were never meant to take root...until a masked serial killer known as Calavera strikes a little too close to home. Now, with Calavera on the loose, Barnes is ready to reconnect, risking his life and his sanity. Because in the mind of this serial killer, there is one secret even Barnes has yet to see.

In this unputdownable thriller set in the new future, a detective enters the mind of a killer to find a missing child. To ex-detective John Barnes, the machine is a dangerous and abhorrent addiction. The criminal thoughts it embedded in his brain helped him stop a serial killer, but they left him dazed--with pounding, murderous impulses. Having turned in his badge to salvage what's left of his psyche, Barnes must return to the darkness at the request of his former partner. A little girl has gone missing. So has Adrian Flaherty, the detective in the kidnapper's shadow. And only Barnes can hear the clues. But the trail is more dizzying and more personal than he feared. The voices are revealing a secret only Flaherty could have known. They're also telling Barnes that he doesn't have long to live. To find the girl, he must listen closely. Because the clock is ticking...and Barnes's mind is going fast.

NEW YORK TIMES BESTSELLER Detective Sergeant Barbara Havers and Detective Inspector Thomas Lynley are forced to confront the past as they try to solve a crime that threatens to tear apart the very fabric of a quiet, historic medieval town in England The cozy, bucolic town of Ludlow is stunned when one of its most revered and respected citizens--Ian Druiitt, the local deacon--is accused of a serious crime. Then, while in police custody, Ian is found dead. Did he kill himself? Or was he murdered? When Barbara Havers is sent to Ludlow to investigate the chain of events that led to Ian's death, all the evidence points to suicide. But Barbara can't shake the feeling that she's missing something. She decides to take a closer look at the seemingly ordinary inhabitants of Ludlow--mainly elderly retirees and college students--and discovers that almost everyone in town has something to hide. A masterful work of suspense, The Punishment She Deserves sets Detective Sergeant Barbara Havers and Inspector Thomas Lynley against one of their most intricate cases. Fans of the longtime series will love the many characters from Elizabeth George's previous novels who join Lynley and Havers, and readers new to the series will quickly see why she is one of the most popular and critically acclaimed writers of our time. Both a page-turner and a deeply complex story about the lies we tell, the lies we believe, and the redemption we need, this novel will be remembered as one of George's best.

In this urban fantasy-mystery series opener, a tattooist cursed with the powers of a djinn must grant every wish he hears, even when it means murder. Jacob is bound by a mysterious curse he doesn't completely understand. Now, in order to save an innocent boy, he must find and kill a man he's never met. But there is another killer lurking these city streets. And Jacob is running out of time. The Stonefly series is a captivating mix of urban fantasy and traditional mystery. It explores the true commitment of friendship, and the moral conflict found within all of our souls.

"A must-have series for middle-grade readers." --Booklist No Rules, the fourth book of R.A. Spratt's hilarious Friday Barnes Mystery series, brings even more trouble for this genius girl detective. Friday Barnes has been deported to Switzerland . . . but we need her back! With their go-to detective gone, Highcrest Academy has descended into chaos. Someone's fired all the teachers as an epic prank, and suspicion falls on Ian Wainscott, Friday's nemesis (who's also desperately in love with her). There's also the problem of the new vice principal and his questionable behavior. It's hard to take someone seriously when he's wearing tie-dyed shirts, right? Can Friday prove Ian's innocence, find the prankster, and save her school? If it involves running, then probably not, but otherwise . . . Friday's on the case!

As a young man, Gerhard Self served as a Nazi prosecutor. After the war he was barred from the judicial system and so became a private investigator. He has never, however, forgotten his complicity in evil. Hired by a childhood friend, the aging Self searches for a prankish hacker who's invaded the computer system of a Rhineland chemical plant. But his investigation leads to murder, and from there to the charnel house of Germany's past, where the secrets of powerful corporations lie among the bones of numberless dead. What ensues is a taut, psychologically complex, and densely atmospheric moral thriller featuring a shrewd, self-mocking protagonist.

Recovering at home after a dorm-room rape she can barely remember, Catherine is devastated when a neighbor girl is murdered, and turns to childhood friend, Henry, for help.

The rules are simple. But the game is not. At eleven years old, Morgan Sheppard solved the murder of a teacher when everyone else believed it to be a suicide. The publicity surrounding the case laid the foundation for his reputation as a modern-day Sherlock Holmes. He parlayed that fame into a gig as TV's "resident detective," solving the more typical tawdry daytime talk show mysteries like "Who is the father?" and "Is he cheating?" Until, that is, Sheppard wakes up handcuffed to a bed in an unfamiliar hotel room. Around him, five strangers are slowly waking up, as well. Soon they discover a corpse in the bathtub and Sheppard is challenged to put his deductive skills to the test. One of the people in the room is the killer. He has three hours to solve the murder. If he doesn't find the killer, they all will die. An ingenious, page-turning debut, Chris McGeorge's Guess Who matches the high-wire plotting of classic "locked room" mysteries into the unstoppable pacing of the modern-day thriller.

No one dreams of a killer Christmas. . . It's Christmastime in Charm, North Carolina, and while Everly Swan would prefer to focus on decorating her iced tea shop for its first holiday season, Great-Aunt Fran has decided to run for mayor against her long-time nemesis. But when the other candidate turns up dead just before the first scheduled debate, all eyes turn to Fran as the suspect with the most obvious motive. Everly knows her sweet, elderly Aunt Fran couldn't have murdered anyone, but as she struggles to find the real killer, it begins to seem like this may be the last merry Christmas her family may ever have.
