A 'strange' Doga tale! An uncanny take on the most dreadful vigilante, Doga! When a top soldier fails spectacularly in a mission, the consequences are MONSTROUS! Illustrations used for story-telling and mirth-making have enlivened Asian walls, scrolls, books, public and private places, and artifacts for millennia. Often playful and humorous, Asian pictorial stories lent conspicuous elements to contemporary comic art, particularly with their use of narrative nuance, humor, satire, and dialogue. Illustrating Asia is a fascinating book on a subject that is of wide and topical interest. All of the articles consider cartoon and/or comic art in the historical and social setting of seven South, Southeast, and East Asian countries: India, Taiwan, Malaysia, Indonesia, Sri Lanka, China, and Japan. The contributors treat comic and narrative art—including comic books, comic strips, picture books, and humor and fan magazines—in both historical and socio-cultural perspectives, as well as portrayals of ancient Chinese philosophy, gender, and the enemy in cartoons and comics. Contributors: Laine Berman, John A. Lent, Fusami Ogi, Rei Okamoto, Ronald Provencher, Aruna Rao, Kuiyi Shen, Shimizu Isao, Shu-chu Wei, Yingjin Zhang.

This pioneering book presents a history and ethnography of adventure comic books for young people in India with a particular focus on vernacular superheroism. It chronicles popular and youth culture in the subcontinent from the mid-twentieth century to the contemporary era dominated by creative audio-video-digital outlets. The authors highlight early precedents in adventures set by the avuncular detective Chacha Chaudhary with his 'faster than a computer brain', the forays of the film veteran Amitabh Bachchan's superheroic alter ego called Supremo, the Protectors of Earth and Mankind (P.O.E.M.), along with the exploits of key comic book characters, such as Nagraj, Super Commando Dhruv, Parmanu, Doga, Shakti and Chandika. The book considers how pulp literature, western comics, television programmes, technological developments and major space ventures sparked a thirst for extraterrestrial action and how these laid the grounds for vernacular ventures in the Indian superhero comics genre. It contains descriptions, textual and contextual analyses, excerpts of interviews with comic book creators, producers, retailers and distributors, together with the views, dreams and fantasies of young readers of adventure comics. These narratives touch upon special powers, super-intelligence, phenomenal technologies, justice, vengeance, geopolitics, romance, sex and the amazing potentials of masked identities enabled by navigation of the internet. With its lucid style and rich illustrations, this book will be essential reading for scholars and researchers of popular and visual cultures, comics studies, literature, media and cultural studies, social anthropology and sociology, and South Asian studies.

In the heart of Lutyens' Delhi sits Jehangir Rangoonwalla, enlightened dispenser of tea, wisdom and second-hand books. Among his customers are Brighu, a postmodern Ibn Batuta looking for obscure collectibles and a love life; Digital Dutta who lives mostly in his head, torn between Karl Marx and an H1-B visa; and the newly-married Shintu, looking for the ultimate aphrodisiac in the seedy by-lanes of old Delhi. Played out in the corridors of Connaught Place and Calcutta, the story captures the alienation and fragmented reality of urban life through an imaginative alchemy of text and image.

operated in total secrecy until now. Batman is on their trail and the Squad's existence isn't something he or the Justice League can tolerate. It must be shut down. But while the heroes and antiheroes are distracted fighting each other, twisted mastermind Maxwell Lord assembles a nightmarish army of DC's deadliest villains to take out both teams! Collects JUSTICE LEAGUE VS. SUICIDE SQUAD #1-6, SUICIDE SQUAD #8 backup story, SUICIDE SQUAD #9-10 and JUSTICE LEAGUE #12-13.
