An alphabetically-arranged thesaurus features more than 500,000 synonyms and antonyms, as well as hundreds of recently coined and common slang terms.

Combining scholarly authority with a new awareness of today's communication demands, Roget's 21st Century Thesaurus is the simple, reliable way to find the perfect word for your needs. It features an easy-to-use dictionary format plus a revolutionary Concept Index that arranges words by idea, thus enhancing the user's process of association and leading to scores of additional selections. The inclusion of a wide spectrum of words and phrases with each entry—from sophisticated choices to completely new vocabulary in the language—brings users an exceptional number of alternatives to fit any variation of style and tone. --Created by the highly respected Princeton Language Institute --More word choices than any other thesaurus--OVER 1 MILLION WORDS! --Concise definitions for each main entry --A revolutionary Concept Index--arranged by idea, it mirrors the way we actually think! --No obsolete terms--all synonyms and antonyms reflect modern usage

500,000 synonyms yield over 1,000,000 word choices. Unique concept index for fastest access to scores of new choices.

The ultimate alphabetically arranged thesaurus that will help you find the right word every time—now bigger and better than ever before! This all-new edition of the classic reference work is the one thesaurus no home or office should be without. As easy to use as a dictionary—and just as important for you to own—this is a unique and indispensable treasury of words that will enable you to express your ideas clearly and effectively. With the synonyms and antonyms for each word listed alphabetically for quick, convenient use, this superior reference volume will help you build your vocabulary, improve your writing skills, and enrich your powers of expression. • Simple to use—no index required • More than 5,000 new words and phrases • 2,000 new synonym entry words for more efficient cross-referencing • 30 new categories • Easy-to-read double-column format • Latest colloquial and slang terms • Quotations and phrases that reveal the fascinating history of each word and the ideas it represents

An easy-to-use reference guide lists synonyms and antonyms

Provides precise definitions of each synonym, complete synonym groups at every entry, a category index that includes related or opposing terms, and an extensive cross-reference system

The revolutionary achievement of Dr. Peter Mark Roget's first edition in 1852 was the development of a brand-new principle: the arrangement of words and phrases according to their meanings. Dr. Roget's system brings together in one place all the terms associated with a single thought or concept; it allows a wide-ranging survey of language within a book of relatively modest size, without the space-consuming repetitions that so severely limit the scope of thesauruses arranged in a dictionary format with A-to-Z entries. This brilliant organization makes Roget's International Thesaurus® both the most efficient word finder and a cutting-edge aid in stimulating thought, organizing ideas, and writing and speaking more clearly and effectively. This revised and updated sixth edition features thousands of new words and phrases, including the newest slang words and expressions that color and inform everyday language. It retains all of the hallmarks that have made Roget's International Thesaurus® an enduring classic: more than 330,000 words and phrases organized into 1,075 categories. ? pinpoint reference system that directs the user quickly from a comprehensive index to the numbered category of the right word. Thousands of cross-references throughout lead to other helpful categories. ?undreds of supplemental word lists that supply the names of things which have no synonyms (measurements, wines, weapons, animals, state mottoes, and more) as well as hundreds of quotations that amplify the meanings of selected words. Generations of students, writers, editors, and speakers have made Roget's the most popular word reference book next to the dictionary. Continuing a legacy that dates back more than 150 years, Roget's International Thesaurus® is an indispensable work for everyone who wants to use the English language with clarity and precision.

The ultimate tool for students! Tired of using the same few phrases in all your presentations? Can't find the right expression to begin your college admissions essay? Stuck with a drab, uninspiring conclusion at the end of your research paper? Roget's Thesaurus of Words for Students will help you find the perfect words and phrases for any writing assignment. Unlike other titles that simply list related terms for each entry, this volume offers a pronunciation guide, definition, and a sample sentence for every word you look up, as well as for each of the synonyms under that entry. It also features hundreds of useful terms every student should know, making it the most essential tool on your desk when you're working on an essay or presentation. With Roget's Thesaurus of Words for Students at your side, you'll impress your teachers and advance straight to the head of the class!

In 1852 Peter Mark Roget eclipsed a rich tradition of topically based dictionaries with the publication of his Thesaurus of English Words and Phrases, Classified and Arranged so as to Facilitate the Expression of Ideas. Based on intuition as much as on specific linguistic principles, Roget's book has been a bestseller ever since and is one of the most widely-used reference works ever published. In this book Werner H--uuml--llen gives the first history of its genesis and publication, and investigates the principles of its structural design. The author opens with an account of Roget's life and his background in natural science. He then charts the parallel histories of dictionaries of synonyms and concepts within the general context of lexicography. Synonymy, he argues, is a necessary feature of languages without which communication would be impossible. He traces its theory and practice from Plato to the emergence of French and English synonym dictionaries in the seventeenth century. Roget's was the first such book to be arranged by topic and the first to encompass the semantic network of the entire language. The author examines the manner and method of its compilation, the practical outcomes of the traditions on which it was based, and the ways in which the Thesaurus reflects and reveals Roget's beliefs and background. A History of Roget's Thesaurus will interest students and scholars of linguistics, semantics, and lexicography, as well as anyone wishing to know more about a great literary achievement and an astonishing publishing phenomenon.

Provides synonyms and antonyms for more than eleven thousand entries
