Hello jamesg, I can see two different styles of tanks. Take a look at this parts diagram 790R 41AD790A734 page B, and look how item number 30, starter housing is connected to the fuel tank. Then look at 790R 41BD790A034 page B, and see how the item number 34, starter housing fits around the fuel tank and half of the fuel spout. Hopefully this will help you figure out which one you will need.
