Parashari Jaimini and Tajik are the three most popular systems of Vedic Astrology. Parashar gives more importance to the planets while Jaimini considers the rashis to be more important. Tajik is mainly used in Prashna Shastra and in Varshaphal. Tajik diverts slightly always from the main stream of the traditional methods and employs newer techniques of Astrology. 'Tajik Neelakanthi', of Acharya Neelakantha, which was composed in the 16th century AD, is the base of Taik Jyotish. This does not mean that Varshaphal and Prashna techniques were not practised in vedic Astrology before this. 'Uttar Kalamrit' of Kalidas mentions and describes the computation of Varshaphal dasha which is different from the 'Mudda dasha' of Varshaphal. Apart from this, 'Shat Panchashikha' of Prithyushyas is the established classic of Prashna Shastra, which was composed centuries before 'Tajik Neelakanthi'. Ancient Kairaleeya Jyotish is also well known for considering Prashna to be their main technique. The influence of Greek and Arab culture is clearly seen on the word 'Tajik'. Arrival of the invaders from Western Asia initiated the exchange of culture between India and West Asia. This exchange introduced some newer techniques to our Vedic Astrology. One of these techniques was Tajik. This has been marked as the beginning of Tajik jyotish. Tajik word does not belong to Sanskrit. There are different opinions regarding this issue. Some scholars consider it to be a distorted form of the word 'Jatak'. Another view is that meaning of Tajik is a horse in Turkish and Persian language. The speed of this technique has been compared to that of a horse and for this reason it has been named Tajik. In any case the influence of Mohammedans on this knowledge is very clear. This is also confirmed by the other words of Tajik, namely mudda, muntha, sahas and the names of the Tajik yogas like Ithasal, Ikkabal, Ishraf, nakta, radda and khallasar etc. Moving at the average speed of 1 ° per day, Sun completes one round of the Zodiac in one year. For casting the annual horoscope we select the time when Sun reaches the longitude of the natal Sun. The horoscope cast for that date and time becomes the annual horoscope and the Varshaphal is decided on the basis of this horoscope. In a similar manner prediction for any year of the person's life can be given on the basis of the annual horoscope. In other words the annual horoscope is based on the longitude of the natal Sun and not on the date and time of birth. This also means that the date, day and time of the annual horoscope is generally different from that of the birth horoscope.

Vidarbha—the parched heartland of central India—has become the foremost site of farmer suicides in the country. These suicides are the most striking indictment of the neglect of agriculture by the state. But the story of the farmers' distress does not end with their death—it lives on in the experience of their widows who struggle to survive in the shadows. Widows of Vidarbha tells the story of 16 such widows who have been invisible to the state, the community, and even their families, and talks of their lost dreams, their diminished worldviews, and their helpless surrender to the conveniences of patriarchy. These narratives throw light on the dark and desperate corners of their invisible world, one that reflects the state of farm widows across the country.

Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

"Andrews is at her best in this thoroughly satisfying story with the right blend of mystery, romance, and sharply funny writing." --Orlando Sentinel Whether it's a mystery, sassy women's fiction, or a combination of the two, New York Times bestseller Mary Kay Andrews always gives her fans a read to remember. And now she's throwing a Hissy Fit, in the best possible sense. A delicious tale of revenge and renovation, Hissy Fit tells of a wronged spitfire who's determined to see that the no-good lowdown, lying, cheating varmint of an ex-fiancé who ruined her life and her business gets the comeuppance he so richly deserves...even as she struggles to revitalize a broken-down antebellum mansion for a hunky, if slightly odd, local businessman. If you like the novels of Fannie Flagg, Jennifer Crusie, Adriana Trigiani, and Emily Giffin, or are a devoted follower of Rebecca Wells or Jill Conner Browne's Sweet Potato Queens, then Mary Kay's Hissy Fit is not to be missed.

Put yourself in the driver's seat of your success with tools from time management and planning for the future to conflict and accountability. In *The Seven Mindsets of Success*, readers will not only explore topics like embracing discomfort, healthy conflict, time management, perspective, safety nets, and future self, but the intrinsic motivation behind their success. They will learn secrets and steps that are easily overlooked in business today. They will weigh the cost of their success and ask themselves, "Am I willing to do everything it takes?" What if success could be as easy as changing your mindset to see your business or job differently, and in turn, see the world differently? Sten Morgan has become one of the youngest, top financial advisors in the country, and he built his business all in just three years. He is in the top percentile of people in his business, and more successful than advisors with thirty years or more experience, and he believes these seven psychological mindsets will unlock success for you too. What's stopping you from reaching rapid, top-level success in your industry? The answer lies inside. "A great book . . . You need to know why you are doing this and why you want to be successful. Otherwise, your enthusiasm will fade and you won't reach the levels of success that you want to reach. I give this book 5 out of 5 stars." —Medium "Challenges entrepreneurs to change their mindsets, and see their businesses, and the world, differently." —Between Now and Success podcast
