I liked Scoring Wilder, by R S Grey. It was a light read, with an uncomplicated plot and 'crack-up' lines (from sniggers to a belly laughs). The characters were cute and the plot pretty steady, but it floundered a bit at about the halfway point. The thwarted sex scenes were many, then their relationship went from hot to tame...sleepover, really!?

The last time we'd spoken, I'd literally asked him to show me his tattoos, which we both knew really meant I wanted him to show me his soccer balls. Hah. I'd have to tell Becca that one later. I tugged her and Emily forward without acknowledging Liam and headed for the conference room.

With Olympic tryouts on the horizon, the last thing nineteen-year-old Kinsley Bryant needs to add to her plate is Liam Wilder. He's a professional soccer player, America's favorite bad boy and has all the qualities of a skilled panty-dropper. Not to mention that Liam is strictly off limits; her coaches have made that perfectly clear. But that just makes him all the more enticing.

As an Olympic rookie, Andie Foster has spent far more time in her cleats than between the sheets. For 21 years, her Friday nights have consisted of blocking shots rather than taking them. But now that she's landed in Rio, she's ready to see for herself if the rumors about the Olympic Village are true: - The athletes are all sex-crazed maniacs... - The committee passes out condoms like candy... - The games continue long after the medals have been handed out... As Andie walks the line between rumor and reality, she's forced into the path of Frederick Archibald, a decorated Olympic swimmer and owner of a sexy British accent-too bad he's unavailable in a way that "it's complicated" doesn't even begin to explain. In other words: off limits. It doesn't matter that he has abs that could bring peace to the Middle East and a smile that makes even the Queen blush; Andie fully intends on keeping her focus on the soccer field. But the Village is small. Suffocating. Everywhere Andie goes, Freddie happens to be there-shirtless, wet from the pool, and determined to show her a whole new meaning of the phrase "international affairs."

At Twin Oaks Country Club, there are the fortunate ones, and then there are the rest of us: the waiters, the caddies, the valets, and in my case, the cabana girls. Most days, I'm poolside in a pleated skirt, dishing out margaritas to tycoons and titans. It's not exactly my dream job, but it does come with one perk... James Ashwood. He's my silver lining in a custom black suit. Besides being a legacy member at the club, he's a tech mogul and Austin's most eligible bachelor. Oh, and those dimples? Yeah, they make my stomach dip too. On good days, I catch his sleek Porsche winding down the tree-lined drive. On better days, I steal a glimpse of his handsome profile as we pass in the hall. And on the absolute best day, I find him alone at the bar, looking for company. "Come have a seat." Those four little words set me down a path I never could have imagined. Private planes, penthouse suites, and temptations around every corner make it impossible to keep my distance. His world feels decadent and wild-but overindulgence comes with a cost. Every kiss comes with strings. Every erotic encounter is a promise I'm not ready to keep. When I pump the brakes, he hits the gas. James doesn't want to go slow-he wants a commitment. And the thing about the fortunate ones? They're used to getting what they want.

Like some great silver-pink fish, the ship sang on through the eternal night. There was no impression of swimming; the fish shape had neither fins nor a tail. It was as though it were hovering in wait for a member of some smaller species to swoop suddenly down from nowhere, so that it, in turn, could pounce and kill. But still it moved and sang. Only a being who was thoroughly familiar with the type could have told that this particular fish was dying. In shape, the ship was rather like a narrow flounder—long, tapered, and oval in cross-section—but it showed none of the exterior markings one might expect of either a living thing or a spaceship. With one exception, the smooth silver-pink exterior was featureless. That one exception was a long, purplish-black, roughened discoloration that ran along one side for almost half of the ship's seventeen meters of length. It was the only external sign that the ship was dying. Inside the ship, the Nipe neither knew nor cared about the discoloration. Had he thought about it, he would have deduced the presence of the burn, but it was by far the least of his worries. The ship sang, and the song was a song of death. The internal damage that had been done to the ship was far more serious than the burn on the surface of the hull. It was that internal damage which occupied the thoughts of the Nipe, for it could, quite possibly, kill him.

Bound for humanity's new colony planet, seventeen-year-old Andra wakes up from a cryogenic sleep 1,000 years later than scheduled, forcing her to navigate an unfamiliar planet where technology is considered magic and its practitioners revered as deities.

Jesse and Wynter set out on an adventure-filled road trip to San Francisco, to rescue Indio from drugs and despair. Back home, eldest brother Caleb resolves to take control of his family as once-close relationships deteriorate. Meanwhile, in Sacramento, Xay lives with his ailing mother and a whole heap of bitterness over his year spent in the Light. He's doing okay, all things considered. But he's never forgotten the girl from the ashram who used to climb through a hole in the fence in the dead of night to listen to rock songs on the radio with him... As family secrets are revealed, this divided family draws ever closer to the truth... and to each other. Book 7 of the Wynter Wild series.

When Brie finds out that her new gymnastics coach is Erik Winter she is determined to stick it out even though she despises him. She understands that she needs his kind of discipline in order to win gold at Rio.

We don't get a lot of NBA superstars coming through little ol' Pine Hill, Texas. That's why everyone is all in a tizzy over the fact that the USA men's Olympic basketball team will be training here of all places before this year's Summer Games. With little else to talk about, rumors about the players have been spreading like wildfire, and there's one man in the middle of it all holding a match. Ben Castillo. NBA champion. Olympic gold medalist. Widely hailed 'King of the Court'. The morning he walks into my dingy diner, I have enough sense to keep my head down and go right on wiping tables, pouring coffee, and serving up short stacks. A man who looks like that-superstar or not-has only ever meant trouble, and more trouble is the last thing I need, what with taking care of Nan and scraping by on tips from truckers. If anything, he seems drawn to my indifference. His steely gaze pierces me behind the counter. My knees nearly buckle under the weight of his attention. But while Mr. Pretty Boy is probably used to snagging city girls with a smile, this gal is country strong. I won't be some cliché d convenience for him on his way through town. So look over your choices carefully, Benny-boy. We serve up sides of hash browns here, not heartbreak.

I was issued a warning: stay away from Ben Rosenberg. As Clifton Cove's resident "king," he thinks he's entitled to anyone and anything. The trouble is, I've spent my whole life following the rules and playing it safe. I know what it feels like to be the good girl. I'm the police chief's daughter and a librarian-for adorable children, no less. My wardrobe consists of colorful sundresses and baggy jeans. I might as well have a Post-it stuck to my forehead that reads: Yup, she's a virgin. An all-nighter with a fictional hunk is about as exciting as my life gets, until one day, fate decides to take pity on me and shove me straight into the path of Mr. Off-Limits himself. Oof. Just as I suspected, every inch of him promises to be my demise. Up close, he's tall, menacing, dangerously handsome-the type of man who's never spent a single moment worrying about the opinions of others. A well-behaved girl would do as she's told and avoid him at all costs, but I'm overdue for a little rebellion. No more Friday nights sprawled out on the couch in my comfiest pajamas. No more wishing I had the courage to misbehave. Everyone thinks Ben is going to ruin me. They think he'll chew me up and spit me out. Well, Ben...go ahead. Tempt me. Taunt me. Make me bad.

A full-length STANDALONE romantic comedy from USA TODAY bestselling author R.S. Grey. Dr. Russell has a bad reputation around our hospital. The scrub techs say he's cold-blooded, the nurses say he's too cocky for his own good, and the residents say he's the best surgeon in the world-really, just a swell guy!-on the off chance he's within earshot. I try to avoid him and his temper at all costs. It's just as easy to admire his sexy, grip-it-while-he's-ravishing-you hair and chiseled jaw from a healthy distance, preferably from the other end of the hallway...half-hidden behind a plant. Unfortunately, my plan crumbles when my trusty ol' boss decides to swap his white coat for a Hawaiian shirt. His retirement leaves me with two terrible options: switch specialties and spend months retraining, or take an open position as Dr. Russell's surgical assistant. That means I have to stand near him in the OR for hours on end and anticipate his every need without letting his biting words and bad attitude intimidate me. Oh, and as if that's not difficult enough, my silly crush on him-the one I've tried to stomp on until it disappears-might just be reciprocated. It's fine. I'm fine. I take my job seriously. There will be no smoldering bedroom eyes across the operating table, no angry almost-kisses in the supply closet. (Well, no more of those.) What's the phrase? An apple a day keeps the doctor away? Maybe I should go for a whole damn bushel. **HOTSHOT DOC** is a full-length romantic comedy. For a limited time, I've also included an excerpt from my #1 bestseller **ANYTHING YOU CAN DO!**
