Color Trend: Shades of Gray | HGTV

Shades of Grey has been designed using a natural palette of materials: stone and glass all in black white and grey colours. These bring both warmth and intimacy to living space. With the interior walls being mainly grey, the surprise of encountering the only black element – the stone fireplace is intriguing.

Shades of Grey by MONO Architects

If yours is a north-facing hallway with little natural daylight, the lightest of shades tinged with a hint of yellow will make it feel warm; light-flooded south-facing ones will look bright even with a cooler grey. Don't forget, too, that it might be worth using different tones of the same grey on different walls within your hallway.
