Manuals for Televisions & Projectors | Sony USA  
The television was invented in the early 20th century as a novel way to transmit moving pictures through radio waves. Early television sets actually used mechanical means to etch out a picture from a signal using a Nipkow Disk, with the first demonstration taking place in Paris in 1909. This early “television” technology was capable of transmitting an 8x8 pixel image, with the first demonstration showing individual letters of the alphabet, and clearly!
