“Looking for a terrific read? I highly recommend PULSE. . . It's a story to get lost in.” —Stephen King “Harvey’s lethal imagination is cranked to eleven in this one . . . his best yet by far. Superb!” — Lee Child The story of a Boston murder that defies all expectations—optioned for film by 21 Laps, the company behind Stranger Things and Arrival Boston, 1976. In a small apartment above Kenmore Square, sixteen-year-old Daniel Fitzsimmons is listening to his landlord describe a seemingly insane theory about invisible pulses of light and energy that can be harnessed by the human mind. He longs to laugh with his brother Harry about it, but Harry doesn’t know he’s there—he would never approve of Daniel living on his own. None of that matters, though, because the next night Harry, a Harvard football star, is murdered in an alley. Detectives “Bark” Jones and Tommy Dillon are assigned to the case. The veteran partners thought they’d seen it all, but they are stunned when Daniel wanders into the crime scene. Even stranger, Daniel claims to have known the details of his brother’s murder before it ever happened. The subsequent investigation leads the detectives deep into the Fitzsimmons brothers’ past. They find heartbreaking loss, sordid characters, and metaphysical conspiracies. Even on the rough streets of 1970s Boston, Jones and Dillon have never had a case like this. Pulse is a novel laced with real danger and otherworldly twists—a master class by an endlessly gifted writer.

A poetic celebration relates the true story of a boy who lost his sight shortly after birth, grew up in Detroit, Michigan, and became one of the twentieth century's most creative and influential musicians--an instrumentalist, singer, songwriter, musical innovator, and cultural activist. Includes a CD of two Stevie Wonder hit songs.
