By entering the full product name (e.g. MB 248), you will be able to find the relevant manual. STIHL and VIKING online owner's manuals are usually for the latest versions of the machine. Your product may be a slightly older production model but the manual will still be appropriate for the relevant model number

Owners manuals and safety brochures | STIHL

Set the choke to its middle setting, so it's half-open. Locate the carburettor's half-opened neck. Rub the fuel into the air filter to clean it. Slap the air filter against your palm to remove any excess fuel. Place the extended nozzle onto the carburettor cleaner. Pull on the starter rope to start the engine.

How to Clean a Stihl Carburetor

STIHL Product Instruction Manuals. The STIHL philosophy is to continually improve all of our products. As a result, engineering changes and improvements are made from time-to-time. If the features, operating characteristics or the appearance of your product differ from those described in this Instruction Manual, please contact your STIHL Dealer. The version of the Instruction Manual that you are about to download has been specifically prepared for STIHL products sold in the United States.

Instruction Manuals | STIHL USA

Press the fuel inlet screen into the fuel inlet valve using the toothpick; make sure it is flat and even. Place the pump's diaphragm against the carburetor body. Set the pump's gasket on top of the diaphragm. Tighten the cover's screws, using the screwdriver, in place over the gasket and diaphragm.
