SUN VAT-33 Battery Tester - American Electric Power

VAT 40 Battery tester schematic ... As it is normal to load test a battery at 3x the Amp Hour rating for that size of battery you need to draw roughly 200 amps to test the battery for a dead shorted cell. That kind of current and higher you can only really draw with a carbon pile tester. For some reason Carbon Pile testers are more than twice the price in Europe they are in the USA. The modern ...
