The Seal People - Selkies. Peppered throughout Irish, Scottish, Icelandic, and Scandinavian mythology and folklore are stories about seal people, also called selkies, silkies, selchies, or roane. Seal people are said to be cursed with a constant longing for what they do not have: when they are swimming in the water as seals, they yearn to be on land, and when they walk on two legs as a human, they long to be in the sea.

Tales of the Selkies, half human, half seal people are woven in Scottish myth and lore - even in my own family. So I was delighted to find this wonderful collection of short tales about the Selkie collected by Duncan Williamson. Just wish the tales were presented in a bit more depth. Highly recommended to those wish pure Scottish Lore.

So you must have heard about the movie Viv2: Journey to China or the Mystery of the Dragon seal, the year 2020's megaflop.

A collection of Scottish folk tales featuring silkies, the seal people who can take human shape.

When David Thomson took a journey to the sea coasts of Scotland and Ireland to seek out the legend of the selchies - mythological creatures who transform from seals into humans - a magical world emerged. Men were rescued by seals in stormy seas, took seal-women for their wives and had their children suckled by seal-mothers. Timeless and haunting,The People of the Sea retains its spellbinding charm and brings to life the enchanting stories of these mysterious creatures of Celtic folklore.

A collection of Scottish folk tales featuring silkies, the seal people who can take human shape.

David Thomson, raised among Scottish fishermen and storytellers, was obsessed from childhood by the Celtic seal legend - the body of tales and songs about the "selchie, " or gray Atlantic seal. In the early 1950s he took a journey to seek the legend out, in the Hebrides, on the east coast of Scotland, on the west coast of Ireland, in the Shetlands and the Orkney Islands - places where magic co-exists with reality and where pe-Christian traditions and beliefs somehow endure. He gives us here the fruit of his search as he found it - in the pub, on the beach, at a country dance - and he tells us something of the men, women, and children from whom he heard the stories. He also tells of his own encounters with seals, and of the dreamlike hold that these have had on him. The result is, in the words of his friend Seamus Heaney, a poetic achievement - a work of "intuitive understanding, perfect grace, and perfect pitch."

Folk and fairy tales come from all around the world, but Scottish stories have an age-old atmosphere which sets them apart. The fourteen in this collection are varied and each has at least one classic folk talk ingredient - faeries, ghosts, wizards, sea monsters, frog-princes, mermaids and tiny green men are just some of the characters to be found in these ancient legends.

Playful and inquisitive, seals have long been interested in humans—and humans have reciprocated that interest, falling for their beauty, grace, and charm as they frolic alongside our boats or loll on sandy shores. In this newest entry in the Animal series, Victoria Dickenson traces the history of our interaction with these beautiful, fascinating swimmers, from the centuries of hunting—in which people killed countless seals for their skin, oil, and meat—to the present, when the white-furred baby seal has become one of the most potent symbols of the need for ecological conservation. Along the way, she offers an approachable account of seal biology and behavior, and she delineates the threats they face from habitat destruction and climate change. Beautifully illustrated and packed with stories from folklore, myth, and history, Seal offers a richly immersive view of a much-loved, storied creature.

Having escaped from her father's control with help from a handsome holy man who is king of a western land, fifteen-year-old Princess Margot finally travels to the sea where her mother lived, and from which she can draw a powerful magic.

Twelve traditional Scottish tales tell of revenge, a severe storm, a mysterious orphan, a changeling, an enchanted bridge, a lighthouse keeper, faeries, and a magical curse
