The essays in this collection focus on eleven of the founders of the American republic and their opinions and thinking about the proper role of religion in public life.

Whether America was founded as a Christian nation or as

# Read PDF The Forgotten Founders On Religion And

**Public Life** a secular republic is one of the most fiercely debated questions in American history. Historians Matthew Harris and Thomas Kidd offer an authoritative examination of the essential documents needed to understand this debate. The texts included in this volume - writings and speeches from both well-known and obscure early American thinkers - show that religion played a prominent yet fractious role in the era of the American Revolution. In their personal beliefs, the Founders ranged from profound skeptics like Thomas Paine to traditional Christians like Patrick

# Read PDF The Forgotten Founders On Religion And

Public Life. Nevertheless, most of the Founding Fathers rallied around certain crucial religious principles, including the idea that people were "created" equal, the belief that religious freedom required the disestablishment of state-backed denominations, the necessity of virtue in a republic, and the role of Providence in guiding the affairs of nations. Harris and Kidd show that through the struggles of war and the framing of the Constitution, Americans sought to reconcile their dedication to religious vitality with their commitment to religious freedom.

"Christian Faith among our first presidents is either ignored or misunderstood. ... Twenty-first century Christians may see the founders of the nation as devout in the way they are devout; twenty-first century rationalists may see them as secular as themselves. In this well-written, engaging, and handsomely illustrated book, David L. Holmes sets us straight by telling a fascinating tale grounded in the historical record."

Richard w. Bailey,  
University of Michigan;  
President, Guide of Scholars  
of the Episcopal Church

# Read PDF The Forgotten Founders On Religion And

**Public Life** The first comprehensive analysis of the Founders' religious beliefs as they themselves expressed them. Contends that they were neither what contemporary secularists nor what contemporary Christians often wish they were that is, neither deist nor Christian."

What did the founders of America think about religion? Until now, there has been no reliable and impartial compendium of the founders' own remarks on religious matters that clearly answers the question. This book fills that gap. A lively

# Read PDF The Forgotten Founders On Religion And

Public Life collection of quotations on everything from the relationship between church and state to the status of women, it is the most comprehensive and trustworthy resource available on this timely topic. The book calls to the witness stand all the usual suspects--George Washington, Thomas Jefferson, James Madison, Benjamin Franklin, and John Adams--as well as many lesser known but highly influential luminaries, among them Continental Congress President Elias Boudinot, Declaration of Independence signer Charles Carroll, and John Dickinson, "the Pennsylvania Farmer."

Public Life

It also gives voice to two founding "mothers," Abigail Adams and Martha Washington. The founders quoted here ranged from the piously evangelical to the steadfastly unorthodox. Some were such avid students of theology that they were treated as equals by the leading ministers of their day. Others vacillated in their conviction. James Madison's religious beliefs appeared to weaken as he grew older. Thomas Jefferson, on the other hand, seemed to warm to religion late in life. This compilation lays out the founders' positions on more than seventy topics,

Public Life including the afterlife, the death of loved ones, divorce, the raising of children, the reliability of biblical texts, and the nature of Islam and Judaism. Partisans of various stripes have long invoked quotations from the founding fathers to lend credence to their own views on religion and politics. This book, by contrast, is the first of its genre to be grounded in the careful examination of original documents by a professional historian. Conveniently arranged alphabetically by topic, it provides multiple viewpoints and accurate quotations. Readers of all religious

# Read PDF The Forgotten Founders On Religion And

Public Life--or of none--will find this book engrossing.

Thirteen essays written by leading scholars explore the impact of a rich variety of religious traditions on the political thought of America's founders.

No book was more accessible or familiar to the American founders than the Bible, and no book was more frequently alluded to or quoted from in the political discourse of the age. How and for what purposes did the founding generation use the Bible? How did the Bible influence their political culture?

# Read PDF The Forgotten Founders On Religion And

Shedding new light on some of the most familiar rhetoric of the founding era, Daniel Dreisbach analyzes the founders' diverse use of scripture, ranging from the literary to the theological. He shows that they looked to the Bible for insights on human nature, civic virtue, political authority, and the rights and duties of citizens, as well as for political and legal models to emulate. They quoted scripture to authorize civil resistance, to invoke divine blessings for righteous nations, and to provide the language of liberty that would be appropriated by

# Read PDF The Forgotten Founders On Religion And

**Public Life** Americans. Reading the Bible with the Founding Fathers broaches the perennial question of whether the American founding was, to some extent, informed by religious--specifically Christian--ideas. In the sense that the founding generation were members of a biblically literate society that placed the Bible at the center of culture and discourse, the answer to that question is clearly "yes." Ignoring the Bible's influence on the founders, Dreisbach warns, produces a distorted image of the American political experiment, and of the

# Read PDF The Forgotten Founders On Religion And

Public Life concept of self-government on which America is built.

A balanced and lively look at the role of religion between colonization and the 1840s.

Even as Americans devour books about our Founding Fathers, the focus seldom extends past a half dozen or so icons—Franklin, Washington, Adams, Jefferson, Madison, Hamilton. Many of the men (and women) who made prodigious contributions to the American founding have been all but forgotten. America's Forgotten Founders corrects this injustice.

Public Life  
Editors Gary L. Gregg II and Mark David Hall surveyed forty-five top scholars in history, political science, and law to produce the first-ever ranking of the most neglected contributors to the American Revolution and our constitutional order. This unique book features engaging short biographies of the top ten most important Founders whose contributions are overlooked today: James Wilson, George Mason, Gouverneur Morris, John Jay, Roger Sherman, John Marshall, John Dickinson, Thomas Paine, Patrick Henry, and John Witherspoon. The latest entry in ISI Books' Lives of

# Read PDF The Forgotten Founders On Religion And

Public Life series, America's Forgotten Founders reshapes our understanding of America's founding generation.

#1 New York Times bestselling author Eric Metaxas delivers an extraordinary book that is part history and part rousing call to arms, steeped in a critical analysis of our founding fathers' original intentions for America. In 1787, when the Constitution was drafted, a woman asked Ben Franklin what the founders had given the American people. "A republic," he shot back, "if you can keep

# Read PDF The Forgotten Founders On Religion And

Public Life it." More than two centuries later, Metaxas examines what that means and how we are doing on that score. If You Can Keep It is at once a thrilling review of America's uniqueness—including our role as a "nation of nations"—and a chilling reminder that America's greatness cannot continue unless we embrace our own crucial role in living out what the founders entrusted to us. Metaxas explains that America is not a nation bounded by ethnic identity or geography, but rather by a radical and unprecedented idea, based on liberty and freedom for all. He cautions

# Read PDF The Forgotten Founders On Religion And

Public Life us that it's nearly past time we reconnect to that idea, or we may lose the very foundation of what made us exceptional in the first place.
