Completed in eight volumes, is second in importance among current editorial enterprises in Americana only to the great collection of Jefferson's writings under way at Princeton. The first two volumes cover T. R.'s career from the time of his first extant letter, written in 1868 when he was ten, to the close of 1900, when he was Vice President-elect and as mature a man as he ever got to be.

Transcription of Theodore Roosevelt's voluminous correspondence will shed light on the issues that came before him in both his public career and private life, and provide clues on how he hoped to be viewed by posterity. Unlike other U.S. presidents, whose papers have been the subject of extensive and ongoing editorial projects, the letters of Theodore Roosevelt have received piecemeal attention.
