The Luxe is about turn of the century New York socialites falling in love and misbehaving. New York's darling debutant, Elizabeth Holland is poised to marry one of the most eligible (and debaucherous) bachelors in the city, but her perfect life is not what it seems. The Luxe reads like Gossip Girl meets Edith Wharton. Sadly, it has all of the shallowness and poor writing of the former, with little of the intelligence and power of the latter.
